Dean II Kinesiology Athletics and Dance 2017

1.1a Mission

1.1a Mission Statement:

Kinesiology, Athletics and Dance Department Mission Statement:

The SRJC Kinesiology, Athletics, and Dance Department's mission is to prepare students for successful transfer to baccalaureate (four-year) institutions as well as prepare students for jobs within the fitness, athletic training, and coaching industry. In addition to transfer and career oriented degrees and certificates, courses in kinesiology, athletics, and dance offer opportunities for students to gain knowledge and skills in physical fitness, aquatics, combatives, athletic training and athletics. Students will learn how to sustain safe and effective, lifelong physical activity for a healthy and productive life. In addition, students will understand the connection between physical activity and one's physical and cognitive well-being.

The KAD Dean's office supports all three departments and their respective programs in providing high quality Kinesiology, Dance and Intercollegiate Athletics teams and related lower division courses that satisfy the requirements for General Education, as well as both Kinesiology and Dance majors. The KAD Dean's office also supports a number of Career and Technical programs that serve students and the surrounding community.

A major responsibility of the KAD Dean's office is to maintain and guarantee the athletic eligibility status of over 500 student-athletes annually, and to insure all CCCAA and Big 8 Conference rules and regulations are adhered to fully.

It is the mission of the Santa Rosa Junior College Kinesiology, Athletics, and Dance Cluster to provide instruction and activities founded upon sound physical education theory. We will do our best to offer the athletic, physical education and dance opportunities our students and community desire. The Santa Rosa Junior College Kinesiology, Athletics, and Dance Cluster strives to provide:

1. Physical activities which have meaning and significance for the individual, thereby providing an interest in long term participation and lifelong fitness.
2. Physical activities that provide measurable physiological outcomes for the participant.

1.1b Mission Alignment

1.1b Mission Alignment:

The Dean of KAD supports the mission of the college in the following ways:

Preparing students for transfer

The Dean of KAD supervises and oversees all general education classes and transfer degree programs in the KAD Department.

Services that support student success and enrich student life

The Dean of KAD leads and is directly involved in a new student athlete orientation day, a member of the PASSS group whose function is to support student athlete success and provides leadership for KAD Department to support and enhance student lives.

Promotes personal and professional growth, cultivates joy at work and in lifelong learning

The Dean of KAD is part of a department that is truly a leader in the area of lifelong learning. Lifelong learning is a vital part of all KAD disciplines. The department engages students to learn with joy and is a District leader in in this part of the mission of the college. Faculty members are role models for students and take pride in their personal and professional growth. The KAD Dean promotes and supports all personal and professional growth.

Civic engagement and participation in diverse local and global communities

The KAD Dean leads a group of faculty members who are engaged in community outreach that supports diversity. The athletic discipline often leads or participates in community projects or charitable events. These volunteer projects help many people in need and underrepresented groups, showing SRJC cares for the community and beyond.

We regularly assess, self-reflect, adapt and continuously improve

The KAD Dean along with the department chair support all faculty and staff to assess programs and evaluate ways to constantly improve programs in the department. The dean and chair have led informational and hands on meetings and trainings about student success, curriculum development, SLO assessment, facilities improvement and renovation, and public relations/sports information. The KAD Department has been a district model in regards to organization and completion of SLOs and SLO assessments and in 2014 successfully completed the assessment of all of their majors and certificates (9).

We communicate together in discussions on program excellence and support services for students to help make our department, programs and students great.

1.1c Description

1.1c Description:

The Department of Kinesiology, Athletics and Dance offer a comprehensive, well-rounded program that meets the needs of SRJC's varied student population. A wide variety of lecture, and activity classes accommodate students who range in age from high school students to senior adults. Students may participate in classes on an individual basis that emphasize transferring to 4 year universities as kinesiology majors, obtaining certificates or learning lifelong physical fitness and wellness strategies in one of a variety of fitness courses, including aerobics, step aerobics, body conditioning, pilates, yoga, dance, weight training, aquatic fitness, and aqua calisthenics. Students may also participate in individual sports training by enrolling in classes such as golf, tennis, wrestling, track and field, or combatives. Team sports offerings include badminton, basketball, football, soccer, volleyball, and water polo.

Kinesiology

Kinesiology, the study of human movement, is achieved through scholarly study that includes both lecture core courses and physical activity experience in lab classes. Lab classes, physical instruction, and practice are **fundamental** to the nature of the disciplines of Dance and Kinesiology. One must experience the *kinesthetic* aspect to learn safe and effective physical skills to truly be effective professionals, teachers, and leaders in this growing industry and educational pathway. Currently, Kinesiology is the 7th most popular major at CSUs and careers in this area are expected to grow faster than average according to current labor market data.

Kinesiology majors are required to take a *minimum* of two, one unit courses of physical education/activity. This is a part of the Transfer Model Curriculum for Kinesiology as well as SRJC's Associate's Degree in Kinesiology. Future Physical Education teachers need to take a variety considering they are teaching fitness-based and sport-related physical education and need exposure to all types of movement and forms. Future coaches need to take a variety since they are many times involved in skill development and safe and effective conditioning programs for their athletes.

CSUs that require units of Kinesiology Physical Activity courses in a variety of areas including dance, individual and team sports, fitness, combatives, and aquatics

CSU	Kines Major Requirement	General Ed Requirement for All Majors
SJSU	4 Units	2 units
SFSU	8 units	
SDSU	2 units	
CSU – Long Beach	2 units	
CSU – Fullerton	6 units	

In addition, fitness-based Kinesiology activity courses are required courses for students wanting to complete the Fitness, Nutrition, and Health Certificate or Degree at SRJC. Learning the practical skills in becoming a group fitness instructor or personal trainer come directly from weight training, body conditioning, Pilates, and yoga classes. They use these same courses to become teaching aides to gain practical skills leading group classes and working one-on-one in fitness instruction.

Dance

Dance is also an academic discipline; it encompasses the elements of a performing art, as well as the science of movement. Students enrolled in dance classes have several options of study. The Dance Program at SRJC offers an AA degree, certificates in Ballet, Jazz, Modern, and Hip Hop/Funk and the general student population may experience dance as a means to enhance physical fitness, wellness, coordination, and grace. Dance technique classes are the essential training tools for students preparing to transfer as dance majors. Dance auditions are required for entrance in to public state and private colleges and universities, most of which will hold the transfer student to a higher technical ability level.

The SRJC dance program, specifically the certificate programs, assists in preparing students for careers in dance, including the areas of choreography, dance performance and private dance instruction. It is critical to maintain the diversity of instruction and course offerings to service the students in classes and the many options they have involving their dance training.

The KAD Dean's Office:

Provides support services and leadership for the faculty and staff of KAD.

Supports in the effort to maintain efficient enrollment management in conjunction with the department chair and program coordinators.

Manages the organization and completion of all faculty and staff evaluations.

Manages the operational functions of the cluster including:

- KAD curriculum
- KAD SLOs & Assessments
- Budget development
- Program review
- Instructional equipment
- Facilities requests
- Faculty and classified staffing requests
- Athletics

Acts as a resource for staff development opportunities and policy and procedure interpretations, development, and implementation.

Acts as a liaison to various campus and community functions, committees and advisory groups.

Assists in the procurement, hiring, and evaluation of both part time and full time faculty, staff, and athletic sport coaches.

Assists the department's twenty sport programs in promoting and maintaining their respective sport teams.

1.1d Hours of Office Operation and Service by Location

1.1 Hours of operation and Service

The KAD cluster at Santa Rosa is open during teaching hours:
Teaching hours consist of Monday through Sunday and anywhere from 6:00am until 11:59pm. Our main cluster office is open from 8:00am until 5:00pm Monday through Friday and is staffed by two AA II positions and an AA III.

The KAD cluster at Petaluma is open during teaching hours:

Teaching hours consist of Monday through Saturday, from 7:00am until 10:00pm. The department does not have any AA's in Petaluma or student employees. The department currently has one full time faculty member assigned as a coordinator of the KAD program at Petaluma campus on limited release time from the KAD Department Chair. In addition, one full time faculty has been hired to teach classes at the Petaluma campus starting fall of 2014. Currently there is no administrative support available for the Petaluma campus. However, there is one ten hour per week Federal work study student assigned to work under the supervision of the coordinator.

The KAD dean's office is open to the public as follows:

Monday through Friday 8:00 am to 5:00 pm during the fall and spring semesters.

Monday through Thursday 8:00 am to 5:00 pm during the months of June and July.

1.2 Program/Unit Context and Environmental Scan

1.2 Program/Unit Context and Environmental Scan:

Degree Majors and Transfer Majors

The KAD department has recently assessed all of our existing majors and successfully completed 3.6 review for our Athletic Training Prep Major and Fitness, Nutrition, and Health Certificate and Major. In addition, a Transfer Model Curriculum in Kinesiology was written and approved. Kinesiology is still the 7th most popular major at CSUs and the department is responding to this demand by having courses available that transfer for a degree in Kinesiology included KINES 1 - Intro to Kinesiology and a variety of physical activity courses in: combatives, individual and team sports, aquatics, and fitness. Students are required to take 2-6 units of activity courses to fulfill requirements of a major in Kinesiology at CSUs.

In addition, the KAD department has added a course, KINES 53 - Principles of Health and Wellness that satisfies the general education requirement in Area E: Life-long learning for CSU transfer and many times a requirement for Kinesiology majors.

The KAD department has added numerous courses to our on-line offerings. We are seeing great results in the number of students signing up for these on-line courses. This summer we have launched our first on-line fitness course.

Dance still offers a Dance Major that prepares students to transfer for a degree or various careers in dance. In addition, there are four dance skills certificates in: hip hop/funk, modern, ballet, and jazz.

Career and Technical Education (CTE) Certificates and Majors

The KAD department has recently assessed all of our existing certificates and successfully completed 3.6 review for all of the KAD Certificates. The Fitness, Nutrition, and Health Certificate and Major was approved by the State Chancellor's office in spring 2012. This certificate is in response to a growing job market demand and need for qualified personal trainers, fitness instructors, and wellness coaches.

Partnerships with local fitness and wellness facilities have been made to receive industry feedback on the fitness program and create internships opportunities for students. This outreach has been a huge success and currently students have a variety of settings to choose from including corporate fitness centers, private personal training studios, wellness centers (provide yoga, pilates, physical therapy and massage), martial arts studios, and group exercise programs. Students have career goals in yoga, pilates,

personal training, wellness coaching, stroller stride franchise owners, boot camp franchise owners, strength and conditioning coaches, PE instructors, youth fitness, and many more. A course in business management, sport psychology, and specialty courses in working with kids or special formats such as yoga and pilates may help keep up with the growing demand of fitness trends.

24 Hour fitness now accepts the Fitness, Nutrition, and Health Certificate/Major as an official certification to get hired and work as a personal trainer at their facility.

The KAD Dean's office supports a cluster that serves a larger amount of the District's estimated student head count. The cluster employs 12 full time faculty and 45 adjunct faculty and coaches.

2.1a Budget Needs

2.1 Budget Needs

Budget Use:

The KAD Dean's budget must cover expendable supplies, new equipment purchases, used equipment replacement, maintenance of existing equipment and the more usual items: graphics, phone, etc. In the past five years major efforts have been made to use resources more effectively: The hours of our AAs and Equipment Technicians have been adjusted so they are occasionally staggered to allow for more coverage without increasing the work force. Travel per diem, post season costs, and equipment costs have been cut drastically. Our **assistant coaches' stipends were cut by 50% in 2003** and just this past year have been restored to that 2003 amount. The need for an increase to the assistant coaches stipends, travel per diem, and equipment budgets are still in need of augmentation.

2017-2018 Additional Funds:

Additional funding is needed for supplies and to maintain and update equipment. The cost of supplies has risen dramatically and the budgets have not. Our cluster has done its part to address the needs of students and student athletes. When we were asked to cut, we successfully did so. When we were asked to expand we expanded and when asked to become as efficient as possible, once again, we did. In my opinion, our programs are funded well below a base level. SRJC does not compare well in most areas with other Big 8 Conference colleges in terms of per diem, travel and lodging, equipment and supplies.

Fiscal Year Expenditures- 2015-2016

Category	Amount	Change	Dist. Total	% of Dist.
-----------------	---------------	---------------	--------------------	-------------------

Total Expenditures	3,985,733.01	0.00%	142,812,136.74	2.79%
Total Faculty Payroll	2,232,055.45	0.00%	46,486,773.56	4.80%
Total Classified Payroll	295,063.86	0.00%	22,009,293.41	1.34%
Total Mgt. Payroll	120,191.74	0.00%	9,770,442.32	1.23%
Total Salary/Benefits	3,527,893.73	0.00%	102,858,006.58	3.43%
Total Non-Personal	398,720.74	0.00%	16,325,691.74	2.44%

The cluster, under leadership of the dean's office, has established a history of prudent fiscal restraint, using limited funds judiciously and efficiently. Under the leadership of the dean's office, the cluster has arranged appropriate coverage of the administration office, equipment room and training room, by staggering start and end times for the individuals who staff these very essential components of the cluster.

Budget Characteristics:

The KAD dean's office oversees a department that has unique requirements in terms of equipment and general operating expenses. To meet the mission of the cluster, expensive and specialized equipment is necessary. Much of this equipment requires continual upkeep and scheduled maintenance, which requires a moderately high level of funding. This is particularly true in the operation and maintenance of the department's weight room.

Budget Shortcomings:

fourteen years ago, KAD's budgets were reduced by from 15 to 50 percent. Very few of those budget cuts have not been restored, even with better budgetary times since. The assistant coaching stipends, the life blood of our support coaching staff, has had a recent increase but remains at the reduced 2003 level. Per diem amounts were also lowered and have not been restored. Supply budgets were also reduced and likewise, have not been increased. In comparison with other dean's offices and athletic directors in the Big 8 Conference, SRJC is near the bottom in most budgetary categories. To make the problem worse, another 15% level of cuts were imposed six years ago.

Due to shrinking transportation budgets, the dean's office must continually cut charter bus service which means coaches have to drive vans, often extending an already over-taxing work day. Typical game day workdays can often stretch to over twelve hours. This situation is not conducive to a responsible level of safety for faculty or student-athletes. This issue needs to be addressed in a very timely and prescriptive manner. Until this problem is resolved, it the dean's position that the District is assuming an unreasonable level of liability that could result in unnecessary and preventable lawsuits.

Additional Funding Necessary:

Increased and consistent funding levels are needed in several crucial areas significant to the mission of the cluster. Funds are needed for upkeep and purchase of much needed equipment, especially for the weight room, which generates a significant amount of revenue for the District. Frankly, the cluster is currently being funded at below a base level. The cluster's coaches have contributed a huge amount of fundraised dollars in order to sustain their teams at a minimum level. The energy and time coaches have been expending in supporting their respective programs, however, is not sustainable forever. Coaching burnout will become an issue the dean's office will need to address if fundraising demands continue for a prolonged period of time.

Immediate Budgetary Augmentation Requirements:

1. Increase transportation funds to enhance charter bus service from \$43,000 to \$80,000 and investigate the purchase of two 28 passenger mini-busses at \$120,000 each.
2. Increase per diem by \$3.00 per day per student/staff.
3. Increase equipment budget by 15% percent. \$7,500
4. Increase assistant coach's stipends
5. Increase funds for entry fees, official's fees, and hosting fees by 25% - \$10,000 - a few teams spend their per diem on the entry fees.
6. Allocate \$10,000.00 annually towards uniform purchases.
7. Increase budget for officials by \$12,000.00

2.1b Budget Requests

Rank	Location	SP	M	Amount	Brief Rationale
0001	Santa Rosa	08	07	\$12,000.00	The cost for officials at sporting events has gone up
0002	ALL	06	07	\$20,000.00	Rising cost of equipment
0003	Santa Rosa	01	07	\$45,000.00	Travel and per diem costs far exceed the budget.

2.2d Adequacy and Effectiveness of Staffing

2.2d Adequacy and Effectiveness of Staffing

In the discipline of Athletics, SRJC is understaffed in regard to an Assistant Athletic Director, Gate and Concession Coordinator, and Sports Information Director.

Federal Work Study positions need to be enhanced from the current 2 workers sharing approximately \$5,000.00 in FWS funding from 2015-16. We use FWS help to maintain the proper functioning of the SRJC Weight Room, Mat Room, Dance Room, Haehl Pavilion Student Study/Computer Lab Room, Haehl Pavilion Hospitality/Meeting Room, both swimming pools, and the Petaluma campus gym and weight room. These FWS students act as instructional aides for both the instructional faculty and the classified staff. They are crucial to the department providing the necessary and minimum service level to our faculty, staff, students, and the community. As a comparison to other similar colleges, American River College has a FWS budget of over \$32,000 and Sacramento City College has approximately the same amount. We are far behind those colleges but offer larger programs and services than they offer.

2.3c Faculty within Retirement Range

The cluster currently has one faculty members whom is retiring. Full-Time KAD Generalist Ron Myers will retire on June 30th, of 2017.

The cluster also has one faculty member within retirement range. Full - Time APE instructor Kathy Bell will be going on a reduced load during the 2018-2019 year.

2.3d Analysis of Faculty Staffing Needs and Rationale to Support Requests

2.3d Analysis of Faculty Staffing Needs

Staffing needs, as determined by the KAD Dean for 2017-2018

1. Women's Soccer Coach/ Kinesiology Generalist
2. Women's Softball Coach/ Kinesiology Generalist
3. Women's Volleyball Coach/Kinesiology Generalist
4. Men's and Women's Tennis Coach/Kinesiology Generalist
5. Athletic trainer/Faculty
6. Wrestling Coach/Kinesiology Generalist
7. Strength & Conditioning Coach

The KAD department does not have adequate certificated staff to effectively run all the different disciplines at the level they deserve to be run. We currently have a part time women's softball coach, part time wrestling coach, part time men's and women's tennis coach, part time men's and women's water polo coaches, a part time volleyball coach and a part time women's soccer coach. Every one of these disciplines requires full time attention and is operating on part time funding. Our programs are some of the best in the country and even though we are paying these coaches and coordinators part time, because of the pride they have in themselves and their programs they are working as if they are full time. It is not fair to ask a part time faculty member to put those numbers of hours in and not be properly compensated for them.

Currently we are considered a cluster with four disciplines: Kinesiology, Athletics, Dance and Adapted PE in both Santa Rosa and Petaluma.

2.4b Rationale for Instructional and Non-Instructional Equipment, Technology, and Software

2.4b Rational for Instructional and Non-Instructional Equipment, Technology and Software

The existing equipment now in place is not sufficient for the success of the instructional program currently being offered students. We desperately need at least one smart classroom and preferably several. Our intent is to offer more lecture classes in KAD. Given the department does not currently have one smart classroom makes this a high priority for our cluster. A focus needs to be placed on replacement of old equipment, media upgrades, replacement of worn out equipment, weight room equipment, and modifications to existing teaching stations throughout our facility inventory. One particular need is the replacement of worn out weight room equipment and the addition of several new pieces of equipment that will insure we maintain a state of the art facility and meet the ever increasing demands of our community. Such attention will enhance our teaching effectiveness and will increase FTES.

All KAD facilities are in dire need of wireless and hard line internet connections. The football stadium and the basketball facility were taken care of during the summer of 16. We would like it to be extended out to the green space facilities, the tennis courts, weight room, Tauzer, and pool area.

The KAD Dean is currently examining a software called "Grades First" to provide greater support for student athlete success.

2.5b Analysis of Existing Facilities

2.5b Analysis of Existing Facilities

The KAD Dean supervises all the facilities within the cluster. In a broad overview, most of the facilities within the cluster are inadequate to adequate. Many of the facilities are old and in need of renovation.

The facilities in KAD are some of the most over used facilities on the campus. They are used by KAD, along with Adaptive PE students, faculty and staff, club sports, various other disciplines throughout the District, and now more increasingly by the Community Education Office. Adding a further burden and wear out factor, the facilities are routinely rented to outside groups from the community on a regular basis. The wear and tear from such overextended use has put a severe strain on our buildings making maintenance efforts a real challenge. At the present rate of decline, our buildings will not last much longer in many cases. At this time, improvement and/or renovation is needed for all facilities in the KAD Department.

The dean recommends a shared rental revenue process be instituted that will generate income that the cluster can use to address replacement and repair concerns. Additionally, the dean recommends the District explore allowing the Dean of KAD to supervise the rental of all KAD facilities which would give the department a greater role in the rental usage of our facilities. Such an agreement could provide the discipline with funds to better maintain our facilities and could provide incentives to monitor our building on a higher level.

3.1 Develop Financial Resources

3.1 Diversify Funding- Grants/Contracts

None at this time. Outside groups often rent KAD facilities. Rental fees go to the District.

3.2 Serve our Diverse Communities

3.2 Culture Competency

KAD's hiring practices are congruent with all state and federal hiring laws as well as those policies and procedures of the Sonoma County Junior College District. Our process is open and inclusive in its outreach and our selection process welcomes full participation from underrepresented groups.

KAD is committed to serving our diverse community and addresses this goal by seeking faculty and staff who are sensitive to this effort.

The KAD Dean attended a Cultural Competency Workshop in 2013-14 and has discussed many of the concepts of the workshop with the department.

3.3 Cultivate a Healthy Organization

3.3 Professional Development

The KAD Dean's office promotes staff development opportunities for faculty and staff. The Dean supports and encourages the faculty and staff's participation in District sponsored trainings and in ad-hoc committee participation. The dean supports staff who desire to learn new skills by giving training and mentoring support as well as limited financial help through the Dean's Foundation Trust Account.

3.5 Establish a Culture of Sustainability

3.5 Sustainable Practices

The cluster is sensitive to positive sustainable practices within the discipline. We routinely provide recycling boxes for all activities that require plastic bottles and aluminum cans of any type. The faculty and staff continually finds ways to recycle equipment and supplies. We focus on recycling used copy paper and properly recycle used ink cartridges and other printing materials.

Sustainability Categories:

1. GREEN SPACE ARTIFICIAL TURF
2. RECYCLING
3. PAPERLESS
4. ENERGY EFFICIENCY
5. TRANSPORTATION

2. BEVERAGE CONTAINERS
3. TONER AND INK CARTRIDGES
4. ELECTRONIC WASTE
5. BATTERIES

Areas for Improvement:

KAD identifies the following areas that we could improve sustainability, yet need some guidance and input as to how we can move in that direction:

1. RECYCLING
2. ENERGY EFFICIENT PROCEDURES
3. OUTREACH & EDUCATION

4.1b Program Student Learning Outcomes Assessment

4.1b Program Student Learning Outcomes Assessment:

Our cluster supports student learning by teaching a variety of beginning level courses; encouraging more advanced students to enroll in more advanced levels of the class and in combo classes serve as examples and tutors for the beginning students.

SLO's have been completed. We are currently working on 100% completion of our SLO Assessments.

Kinesiology Program Outcomes

Upon successful completion of a degree in Kinesiology, the student will be able to:

1. Demonstrate the skills necessary to participate, perform, and progress in a variety of sport and/or exercise classes.
2. Identify and explain the rules, concepts and vocabulary used in the Kinesiology curriculum.
3. Apply the cognitive and movement experiences from the Kinesiology curriculum in order to participate in lifelong fitness.

Athletics Program Outcomes

Upon successful completion of a season of varsity sport, the student will be able to:

1. Identify and apply strategies and situations used in intercollegiate athletics to improve ability both individual and for a team.
2. Demonstrate the skills necessary to perform, progress, and compete in a varsity sport.
3. Apply the values of teamwork and leadership skills experienced in collegiate competition to the process of everyday life.

Dance Program Outcomes

1. Majors will develop proficiency in modern, jazz, and ballet dance forms, enabling them to pursue higher level dance degrees.

2. Majors will have practical experience in the performance and production aspects of dance.
3. Certificate dancers will have the skills and techniques to secure employment at local dance studios.
4. Recreational dancers will develop an appreciation to the rigors involved with learning a dance form, both physically and emotionally.

4.2b Narrative (Optional)

4.2b Narrative

The Dean of KAD fully supports the cluster's goal of providing programs and courses that challenge students mentally and physically. Students must apply and therefore practice foundational skills, time management, and critical thinking in most KAD courses. In a number of lecture courses offered by the department, oral presentations, projects, and reports are routinely a part of the learning process. Many of our classes involve fitness related calculations and critical thinking for the attainment of a sound and fit mind and body. KAD's courses and programs attract students of varied backgrounds, with varied fitness levels, with many different goals in mind. This setting creates a unique learning environment forcing students to interact and co-exist with many different types of people. This environment allows our students the opportunity to experience people of various age groups, cultural backgrounds, and fitness levels thus creating a rich learning setting.

The Dean of KAD fully supports the department's philosophy that the lessons taught by the disciplines instructors are conducive to lifelong fitness and well-being and in many cases result in life changing experiences for those who participate.

The Kinesiology, Athletics, and Dance Department's SLOs are listed in the KAD Department PRPP, and the Assessments for those SLO's are in share point. Please see the department's PRPP, and/or share point for detailed information regarding SLOs and SLO Assessments.

5.0 Performance Measures

5.0 Performance Measures

The Dean of KAD fully supports the department's effort to effectively measure the true performance levels of student learners who participate in our offerings. This is accomplished using a variety of data sources provided by the District. The dean also supports the training of faculty and staff on the use of such data sources by supporting and creating KAD trainings and workshops on a regular basis.

5.1 Effective Class Schedule: Course Offerings, Times, Locations, and Delivery Modes (annual)

5.1 Effective Class Schedule

- The KAD Cluster offers a wide variety of courses in kinesiology, athletics and dance. The department routinely examines various times, days, and hours to offer courses that enhance our ability to maximize enrollments, meet student's needs, and align with the District's priorities. Further use of the EMS will give further data to have an effective class schedule.
- The discipline currently offers a wide range of offerings at both the Santa Rosa Campus and the Petaluma Campus.
- Currently the KAD Department teaches three courses using the online delivery system. This is a weakness that needs to be addressed in the 2015-16 academic year. The dean fully supports and has a distinct interest in increasing the number of courses offered online. The dean suggests offering courses such as KINES 53, Health and Wellness, and KINES 55, Introduction to Coaching Team Sports, along with our Introduction to Kinesiology course. These courses are ideal for the online delivery mode and would generate huge student participation. The KAD Department does have a full time instructor training to teach online classes and recently hired a new full time instructor in Petaluma with online teaching experience.
- The effectiveness of our class schedule could be improved if we had the ability to offer KAD classes in a technology mediated classroom that was dedicated to KAD classes.
- The number of completers of our certificates and majors has been low, however we anticipate that number to steadily go up due to a recent overhaul of our majors and certificates.

5.2a Enrollment Efficiency

5.2 Enrollment Efficiency

The courses offered by KAD are slightly below the efficiency targets of the District at this time. The changes in the repeatability restrictions of KAD classes has had a major effect in the efficiency numbers in the department. The department has worked very hard on curriculum to give students multiple options to enroll in classes needed to reach their educational and life goals. The KAD Dean feels greater efficiency will be met as the department understands the repeatability issues and adjusts the curriculum as needed.

We are mandated to have the same limits on enrollment for every like class, and because of this our efficiency has taken a hit. Enrollment efficiency and class maximums need to be addressed in athletic classes. KAD has 20 athletic programs, some very large and some very small. A possible solution to this would be to adjust the limits on enrollment by the average roster size of the individual sports, rather than having them standardized with all like sections.

Data Element:	Spring 2015	Fall 2015	Spring 2016
Enrollment Efficiency	79%	78%	74%

5.2b Average Class Size

5.2b Average Class Size:

During the 2015-2016 academic year KAD had an average class size of approximately 24.1 students per class. The 24.1 students per average includes every class at every location the department offers.

Data Element:	Spring 2015	Fall 2015	Spring 2016
Average Class Size	26.3	24.3	24.0

- Due to the new repeatability restrictions, class sizes have decreased slightly since last year. This should increase with the changes made to the districts repeatability and like classes.
- There are some limits in many classes due to facility limitations.
- In order to perform at the highest level, athletic teams are limited in the number of student athletes that can participate.

5.3 Instructional Productivity

5.3 Instructional Productivity:

The KAD Dean and Department Chair analyze enrollment reports, EMS data, and communicate with faculty to help ensure productive class offerings. With the proper class reductions our productivity should increase during the coming year.

Data Element:	Spring 2015	Fall 2015	Spring 2016
Instructional Productivity	19.0	17.4	17.4

5.4 Curriculum Currency

5.4 Curriculum Currency:

All KAD course outlines have recently been edited and approved by our district curriculum committee. In addition to editing and updating every course outline, we have successfully completed a majority of our SLO assessments, as well as 100% completion of our major's and certificate's assessments.

5.5 Successful Program Completion

5.5 Successful Program Completion

- The majority of our classes are offered at least once a year. Classes that are not offered once a year are on a rotation plan to allow students the opportunity to achieve successful completion of KAD majors and certificates.
- Support for students in our programs is provided by faculty and staff that include:
 1. Individual advising
 2. Counseling
 3. Career guidance, mentorship, and placement
 4. Certificate and major advisory committees
- The discipline currently offers a Kinesiology major with the emphasis in teaching, coaching, personal training, athletic training, nutrition, and dance. Certificates are offered in fitness, nutrition, dance, and health. The number of completers has been low for our majors and certificates in the past, but recent assessments and revisions to our majors and certificates will improve the number of completers significantly.
- In addition to revising our majors and certificates, we are currently working on closing the gap between our online class offerings and the current demand for online classes. When our online offerings catch up with demand, we anticipate an increase in enrollment and major and certificate completers.

Total 8,596

1. Students from diverse backgrounds enroll in KAD classes at rates equal to or greater than the District as a whole.
2. The student population has changed slightly over the past 4 years. There is an increasing number of Hispanic students enrolled in the KAD Department as is the case with the institution.
3. Outreach is a vital part of the KAD Department. The department actively recruits students and participates and provides a number of community outreach projects. Athletic Programs are very active in recruiting students from underrepresented groups. There were 520 more students served in the KAD Department in 2014-2015 than in 2013-2014.

5.8 Curriculum Offered Within Reasonable Time Frame

5.8 Curriculum Offered Within Reasonable Time Frame

With few exceptions, the large majority of our courses are offered at least once every year and the for the most part, are offered every semester. The cluster attempts to schedule in such a way as to allow students to move through the sequence of courses in a very timely manner.

5.9a Curriculum Responsiveness

5.9a Curriculum Responsiveness

The dean fully supports the efforts of the cluster to continue to actively write, re-write, and to propose new curriculum in order to keep abreast of both student demand and industry and labor market forecasts and assumptions. The cluster depends on research and suggestions provided by the local workforce through advisory committees and other contacts with the public.

It needs to be improved next year by creating curriculum that will allow the room to be kept open longer. Also, the future of this will depend on the creation of a bigger room and adding private offices for counseling support to be housed.
0004	Santa Rosa	01	06	Upgrade existing equipment and labs to meet student needs	Secure funding to improve equipment and safety of our teaching stations.	2016-2019	The equipment upgrades are ongoing. This year we upgrade equipment in the Dance Room, in the Weight Room, and on Bailey. This directive is important and will be accomplished with bond funding.

Location	Program/Unit Conclusions
ALL	The KAD Dean has observed many positive accomplishments by the KAD Department including but not limited to: 1. Outstanding progress in assessment, curriculum development, evaluations, and repeatability. 2. Great outreach and support to the community 3. KAD faculty were winners of many faculty awards 4. Created a student-athlete success center. 5. Improvement on Student Athlete Orientation Day 6. Secured assistant coaching money to bring levels back to the 2003 level. 7. Expanded and improved our Student Athlete and coaches' sexual assault prevention training and campaign (one love, consent and respect, walk a mile)

6.2b PRPP Editor Feedback - Optional

Matt is an able administrator and accomplished Dean. He has provided great leadership to an already strong team of faculty and staff. His decisions are always based on data and he has worked hard to make a good team better. Under his leadership an already very good department is becoming great. This year the hardest choices will revolve around increasing enrollment without increasing costs. His budget has historically been inadequate to meet all of the travel required for his teams and to do the Athletic Director duties. Unfortunately, this will not be resolved easily with the current District fiscal situation. I'm delighted to have Matt on the AAC Team.
