

# Santa Rosa Junior College

## Program Resource Planning Process

### Puente 2017

#### 1.1a Mission

The Puente Project's mission is to increase the number of educationally underserved students who enroll in four-year colleges and universities, earn college degrees and return to the community as mentors and leaders to future generations. The Puente Project has two programs, one on the Santa Rosa Campus and one on the Petaluma Campus.

#### 1.1b Mission Alignment

The Puente Project's mission is consistent with the District's mission and goals in the following ways:

- Advocating for Santa Rosa Junior College transfer students at the Santa Rosa and Petaluma campuses
- Promoting awareness and sensitivity to ethnic, cultural, and gender diversity through our English multicultural curriculum
- Providing a long-term educational plan for each Puente student to help them succeed in meeting their educational goals
- Providing mentorship for our students from a professional in the community to present enrichment opportunities

#### 1.1c Description

The Puente Projects at both Santa Rosa and Petaluma campuses are designed to assist new and/or continuing students to succeed in the college environment. The programs provide three components:

English: Puente students take two consecutive English courses: English 100 and English 1A. These classes provide a supportive and stimulating environment for students through the curriculum which integrates Mexican-American/Latino and other multicultural literature in combination with a variety of writing exercises.

Counseling: Puente students work closely with the Puente Counselor while attending SRJC, during and after participating in Puente. The Puente Counselor helps students explore career options, develop an academic educational plan and identifying lifetime goals. The counseling component also provides a Personal Development course and the Transfer Process course. Counselors coordinate and chaperone student visits to University of California and California State University campuses and an annual Puente student motivational conference. The Santa Rosa campus program also offers Sonoma County junior and senior high school students a

motivational conference to promote awareness of our academic programs and student services.

***Mentoring:*** Each Puente student is matched with a mentor from the business or professional community. Mentors share with students their personal, academic, and career experiences, and provide a window into "real life" work environments. The network of trained mentors provides many resources for the Puente students, their families, our college, and the community.

***Library and Information Resources 10 (LIR 10):*** Beginning in spring 2013, Petaluma Puente offers a fourth component: LIR 10, a course required for an Associates degree, as mandatory part of Puente curriculum during spring semester.

## 1.1d Hours of Office Operation and Service by Location

For academic year 2016-2017, the Puente Counselors were available on drop-in basis in their respective Counseling offices. The English Instructors were available during office hours and by appointment.

## 2.1a Budget Needs

Both programs have annual budgets of \$5,000 from the district to cover travel, graphics, supplies, guest speakers, social/cultural and mentor events from the district. This academic year, 2016-2017, Puente Statewide was able to provide each location with mentor funding of \$4,500. Both programs also received \$5000 each from the Equity Funds that were granted by the State.

As a transfer program, Puente offers campus visits to CSU's and/or UC's. These are essential to the program as it provides an awareness to students of the opportunities beyond the community college level. Unfortunately, due to the rising cost of gasoline the program spent more funds than anticipated on transportation to cover these field trips for the academic year. Both Puente Programs have shared the cost in travel on various trips this year. Combined,

both programs serve approximately 60 students and therefore, need to rent buses versus college vans.

Annually the Puente Project budgets cover costs for mentor/student mixers, social cultural events, campus visits and “*Noche de la Familia*” in which Puente Project parents are invited and provided information on our college and programs.

For the Academic Year 2016-2017 Puente would like to continue providing essential activities at each campus to keep in line with the Puente Mission:

Three (3) university campus visits (one to include the Puente Statewide Motivational Conference)

Four (4) mentor/student mixers

One (1) Puente mentor orientation

Two (2) cultural enrichment activities

One (1) Puente completion ceremony

One (1) Student Peer Training

----------------	-------	-------	--

## 2.2d Adequacy and Effectiveness of Staffing

An Administrative Assistant position is vital for both programs, preferably bilingual since there are many Spanish-speaking students interested in the program. The program provides many activities and services to students throughout the academic year; therefore, it is important to have sufficient office support to help with the coordination in an organized and timely manner. The Santa Rosa administrative position is not filled.

Eleven years ago, the Petaluma program was established, and, as the program expands, an administrative assistant will be needed to help with office support. The absence of an administrative assistant at both locations has added to the responsibilities of the Puente coordinators.

Both programs would benefit from having their own part-time Puente mentor coordinator, as some Puente Programs do throughout the state. The mentoring coordinator acts as the liaison between the Puente students, Puente mentors, and Puente faculty, and coordinates and executes mentoring activities/trainings throughout the academic year.

### 2.5a Minor Facilities Requests

Rank	Location	SP	M	Time Frame	Building	Room Number	Est. Cost	Description
0001	Santa Rosa	00	00	Urgent			\$0.00	The Santa Rosa Puente Program needs a dedicated Puente space for study groups and meetings to better facilitate the success of its Puentistas. Currently, the program requests the use of various rooms on campus for weekly study collaboratives and meetings outside of class time.
0001	Petaluma	00	00	Urgent			\$0.00	A dedicated Puente space with computers is needed on campus to provide students with a meeting and study space in order to successfully facilitate an effective learning environment. Currently, Puente has started to use the Inter-Cuultural Center PC 116 to hold activities and events but the space is too small to accommodate all the programs and clubs that use it.

## 2.5b Analysis of Existing Facilities

**Neither Santa Rosa Campus nor Petaluma Campus have an adequate center beyond the faculty offices belonging to the Counselor and English instructors. We would like to request a sufficient space on each campus that will provide a meeting center for our students, mentors, and club activities.**

**At the Petaluma campus, there is currently a designated ESL-Puente Lounge, in Doyle Hall, second floor. However, with the implementation of the Gateway to College Program, situated in Doyle Hall, "our" Lounge has been used mostly by Gateway students. We would like to pursue the possibility of creating a Puente Lounge in Call Hall, in what is currently the Office of Institutional Research. The current lounge does not accommodate more than one program using the space at any given moment.**

## 3.1 Develop Financial Resources

## 3.2 Serve our Diverse Communities

Recruitment for Puente English and Counseling faculty is accomplished using Human Resources standards. Both Puente Projects support and encourage recruitment strategies that offer the best possibility for a diverse pool. Where appropriate, bilingual faculty and staff are hired to support the diverse Puente Project student population.

## 3.3 Cultivate a Healthy Organization

Puente Statewide provides two Puente trainings (Fall and Spring) for continued professional development in both English and Counseling. Additionally, it is paramount for Puente Counseling and English faculty to attend Puente Summer Institute (PSI) on an as-needed basis, especially when a new Puente team-member begins teaching as part of the SRJC Puente Learning Community. University of California Office of the President (UCOP) offers PSI for any new incoming Puente team member(s) as part of its annual Summer training. The Counselor and English Instructor are compensated for attending PSI according to their respective departments.

## 3.4 Safety and Emergency Preparedness

### Safety Trainings

In spring 2013, Petaluma Puente counselor attended the "Surviving an Active Shooter" workshop on the Petaluma campus.

In spring 2013, SR Puente Counselor attended the "De-Escalation Training."

In spring 2013, SR Puente English Instructor attended Campus Safety workshop by new Chief of Police.

In spring 2014, Petaluma Puente English Instructor attended the "De-Escalation Training."

In fall 2013, Petaluma Puente English Instructor attended the "Surviving an Active Shooter" workshop on the Petaluma campus.

In spring 2015, Petaluma Puente Counselor attended New Employee Safety Training.

In spring 2016, Petaluma Puente Counselor completed the 12-Passenger Van Training (good for 3 years)

In Spring 2016, Petaluma Puente Counselor and English instructor completed the 12-Passenger Van Training (good for 3 years).

### 3.5 Establish a Culture of Sustainability

SR and Petaluma programs utilize Moodle, Canvas, Email, and Faculty/Student Portals to reduce the amount of paper used.

#### 4.1a Course Student Learning Outcomes Assessment

English courses (English 100 & 1A) offer Puente students an opportunity to work with culturally-relevant materials such as multicultural literature, as well as to explore student-centered and community-based writing assignments.

The Personal Development/Transfer Process courses (Counseling 10 and 80) allow students to explore career choices, learn about the university transfer process, and acquire strategies on how to be successful academically and professionally.

Library and Information Resources (LIR 10: Introduction to Information Literacy) offers students the opportunity to learn how to analyze research and access information in multiple formats efficiently and effectively.

The program assesses student learning outcomes through data that is collected in fall and spring. Outcomes are also discussed at Puente statewide and regional trainings.

The data collected helps to inform what is effective in the program; it also helps to identify areas of improvement.

#### 4.1b Program Student Learning Outcomes Assessment

***Santa Rosa Junior College  
Student Learning Outcomes  
For  
Puente Project***

1. As a result of participating in the Puente Project, students will be able to practice critical thinking skills and improve university-level reading and writing skills.
2. As a result of participating in the Puente Project, students will be able to create a small, cooperative learning community.
3. As a result of participating in the Puente Project, students will be able to design an academic plan to ensure completion of coursework required for transfer.
4. As a result of participating in the Puente Project, students will be able to develop strategies to overcoming obstacles that interfere with their academic and career success.
5. As a result of participating in the Puente Project, students will be able to engage in enrichment opportunities and extra-curricular events that foster social and civil development, as well as personal and academic success .

For academic year 2016-2017, The Petaluma Campus Puente Program chose SLO #3. SLO Assessment was submitted to Project Learn through sharepoint site.

## 4.2b Narrative (Optional)

1) The Puente Project strategically includes English 100 and 1A and personal development classes (Counseling 10 and 80) as a component of the model. These classes provide students with comprehension, composition, critical thinking, study skills and transfer information that are critical to student success. Petaluma Campus Puente Projcet continues to included LIR 10 in addition to the English and Counseling components in the spring term, in order to meet the research, citation, and electronic media needs of transfer students.

2) Students learn the core competencies (academic, critical learning skills and social/cultural development) to be successful at Santa Rosa Junior College. Students also learn to develop and achieve their academic goals.

3) Students not only learn how to use campus and community resources, but also learn how to be responsible for their own academic and professional growth.

4) Students are encouraged to enroll in math during the first year of the program.

5) Students think critically and make decisions about majors and careers based on interaction with mentors from the community and on research undertaken in the personal development class.

## 5.0 Performance Measures

In Academic Year 2015-2016, students who participate in Puente are committed to one(1) year. They enroll in English 100 and Counseling 10 for fall; in the spring, they enroll in English 1A, Counseling 80, and LIR 10. The small community atmosphere created by the counselor and English instructor, and additional help by the English instructional aide, have been a critical component of retention. Puente is open to all students but because of its multicultural curriculum, many underrepresented ethnically diverse students find it appealing. Its faculty is also representative of a diverse population.
