## **Program Resource Planning Process**

### ***Career and Technical Education and Economic Dev 2018***

#### **1.1a Mission**

The mission of Career and Technical Education and Economic Development division is to provide quality education and training in high demand industry sectors to prepare our students to be an effective global workforce.

#### **1.1b Mission Alignment**

The mission of the Career and Technical Education and Economic Development is consistent with the District's mission. It is also closely aligned with the College's Strategic Plan of Learning Academic Excellence, Sustainability, Diversity, Community, Compassion, and Innovation.

#### **1.1c Description**

The Career and Technical Education and Economic Development unit is comprised of the following clusters, departments, and programs:

- Agriculture, Natural Resources, Culinary Arts, and Shone Farm
- Work Experience, Apprenticeship Education, Instructional Service Agreements, Career Services and Student Employment
- Contract and Community Education and Event Management
- Child Development, Teacher Education, Children's Center
- Business and Professional Studies, Business, Computer Studies, and Industrial and Trade Technology

- Health Sciences, ADN, LVN, Dental Hygiene/Assisting, Comm. Health Worker, HLC/HLE/HLRC, Med. Assist., CNA, Pharm. Tech., and Rad. Tech.

The Dean of CTE/ED also supervises the Dean II's for Health Sciences, Business and Professional Studies, Agriculture/Natural Resources Management/Culinary, Child Development, Dean of Workforce Development, Director of Workforce programs and grants, Director of Community and Contract Education. The Dean's office provides broad oversight of the District's programs and services related to career and technical education and economic development.

The unit coordinates District activities related to outreach and marketing for all CTE and Economic Development services, in partnership with Public Relations, Computing Services and Student Services. This office is charged with developing new programs in response to emerging community workforce training needs, which requires extensive collaboration with community groups, local high schools, the Workforce Investment Board, Economic Development Board, North Bay Leadership Council, etc.

In addition to oversight of these diverse programs, this unit administers approximately \$4.9 million in CTE categorical grants, including the college's Career and Technical Education Act (CTEA) allocation, Strong Workforce Programs Funding, Prop 39 Grants, Industry Driven Regional Collaborative, National Science Foundation, Dept. of Agriculture, Healthcare Workforce, Child Care Initiatives in addition to multiple state and local grants. These grant opportunities are constantly changing, requiring flexibility and strong administrative support. In the absence of a District grant writer, responsiveness to grant opportunities is limited by staff time to prepare competitive, complex, and collaborative grants.

The unit provides support for 137 CTE certificate programs and 63 associate degrees, including disciplines that reside in other clusters (STEM, Arts and Humanities and Public Safety). This includes program design, curriculum development, marketing and outreach, conducting labor market research, endorsement from the Bay Area Community College Consortium, managing industry advisory committees and interface with multiple community organizations related to workforce development. The unit coordinates 54 SRJC employer advisory committees that inform curriculum and provide feedback to faculty and the District on industry trends, etc. Given the current economic trends at the State level, the unit has increased responsibility for managing regional collaboration with various partners (employers, community colleges, and secondary institutions), and responding to the needs and opportunities presented to community colleges under the new American Recovery and Response Act.

In response to repeated employer input on workforce needs and the need for soft skills, the unit is also responsible for collaborating with other college units (i.e. Math, English, College Skills, ESL, Counseling, Career Development and Matriculation) and various college departments to address the basic skills and language needs of students.

## **1.1d Hours of Office Operation and Service by Location**

The administrative offices of the Career & Technical Education and Economic Development unit are located in 1330 Bailey Hall on the Santa Rosa campus.

Hours of operation are Monday - Friday, 7:30 a.m. - 5:00 p.m.

The Dean III of Career and Technical Education and Economic Development, the Dean of Workforce Development, the Director of Workforce Programs and Grants, and the Executive Assistant to the Sr. Dean and the Administrative Assistant II to the Director of Workforce Programs and Grants are housed in this location.

Staff coverage for this office is managed by one Executive Assistant and one administrative assistant position.

## **1.2 Program/Unit Context and Environmental Scan**

This unit manages several categorically funded projects that intermittently hire multiple adjunct and allied faculty, staff and STNCs. Therefore the program unit review data does not reflect ongoing staff configurations.

## 2.2d Adequacy and Effectiveness of Staffing

Career & Technical Education and Economic Development has completed the process of rebuilding our leadership team. The team consist of 4 Deans, 2 Directors, and 1 coordinator as direct reports (Ag/NR/Cul, BPS, ECE, HS, WFD, CTE Outreach, Comm/Contr ED). There are three additional in-direct reports (PSTC, A&H, STEM), that have strong CTE components to their responsibilities.

### 2.3c Faculty Within Retirement Range

All but two CTE/ED leadership team member is within 5 years of retirement.

CTE requires specialized knowledge of industry needs, Chancellor's Office regulations, community partners, complex state and federal grants. There is no succession plan for this unit. In addition, as identified in the demographics report of the college, over 40% of SRJC faculty are over 55. These faculty (especially CTE faculty) have built a network of industry contacts that are in danger of being lost when these faculty retire.

## 3.1 Develop Financial Resources

Any grants identified, applied for and received have been vetted to include the diversity of the district and programs of study offered. All grants take into effect the needs of special populations and address the needs and wants of such groups.

## **3.2 Serve our Diverse Communities**

The unit recruits staff members who are sensitive to the diversity of our students and the community through internal and broad-based external recruiting. Each applicant completes a diversity statement. In addition, bi-lingual staff are recruited and hired for outreach positions.

The unit prints its annual Career and Technical Education Programs Handbook in both Spanish and English; funds the development of VESL courses and course materials in career and technical education programs; and conducts outreach and provides resources to underrepresented and special population students.

## **3.3 Cultivate a Healthy Organization**

This unit encourages staff participation in PDA days; funds attendance at conferences; and provides release time for staff who wish to enroll in courses that will further professional development. The unit also supports staff who wish to participate in college committees or activities.

As part of the classified evaluation process, staff are encouraged to take classes that will improve their skills.

Professional Development activities for this year include:  
Assorted Conferences related to specific disciplines in CTE  
CCCAOE conference  
CTE Leadership conference  
Economic Development forums  
Sexual Harassment Training  
Cultural Competency Training  
Admin 101  
NSF Grant writing  
Leadership Santa Rosa

### **3.4 Safety and Emergency Preparedness**

The Department's AAll has recently been designated as the department safety leader. Our staff are eager to engage in training opportunities as the District boosts the emergency preparedness plan. More training is needed to ensure staff understand the role of Safety Leader and how it fits into broader emergency preparedness efforts in the District.

## 4.2b Narrative (Optional)

This unit fully supports the development, revitalization, improvement and planning of career and technical education programs of study. Primarily funded through Perkins funds (CTEA), projects are vetted and awarded funds for projects related to the program of study or purchasing equipment for such programs. We also encourage and fund professional development for instructors of our programs.

The unit is also reaching out to sources of funding outside the state. We apply and received funding for Ag, Business, Public Safety, Entrepreneurship, Computer Studiies, Digital Media, Hospitality, Energy, Health Occupations, Manufacturing, and Transportation.

## **5.0 Performance Measures**

### **ECONOMIC DEVELOPMENT**

To support the regional economy, the college offers employers and business owners several training options:

Workforce Training – The College provides customized training for local businesses. In the last year, the department has partnered for training with Medtronic for two courses in Machine Tool Technology, Agilent/Keysight for C# computer programing, Project management and maching and Sonoma Promotional Inc., for business skills training through their ETP funding.

### **CTE**

The breadth and scope of the projects within the CTE/ED unit are significant. Following are some of the key recent accomplishments.

### **CTE GRANTS**

Perkins (CTEA)  
NCCPA (Completed)  
CTE Enhancement (completed)  
NSF Sustainable Agriculture (completed)  
Strong Workforce Program  
Prop 39 Grant

### **CTEA SUPPORTED PROJECTS/PROGRAM DEVELOPMENT**

1. By end of fiscal year, will have updated course information and narratives of all CTE certificates listed on SRJC Certificates pages.

2. In cooperation with the Counseling Department, placed a career/academic counselor in an office in Trade Technology departments to assist students with education plans, career selection, and college orientation.
3. Placed all CTE surveys on-line to improve information about CTE students, which should lead to increased funding.
4. Supported creation of new programs in digital media, hospitality, automotive and revitalized many existing programs. 20 existing certificates were discontinued.

### **CTE TRANSITIONS/SCHOOL INITIATIVES AND CAREER PATHWAY DEVELOPMENT**

#### High School-SRJC Articulation:

- (17) new articulation agreements were established with (8) comprehensive high schools
- These represent (7) disciplines: Culinary, Web Design, Computerized Bookkeeping, Child Development; Geospatial Technology, and Machine Tool Technology.
- In total (68) articulation agreements are in place with (15) comprehensive high schools
- Articulated courses are from (7) industry sectors and represent (11) disciplines
- (17) SRJC courses are articulated with the high schools totaling 39.5 SRJC units.

#### SRJC Credit by Exam:

- (85) students who enrolled in articulated courses at (10) high schools
- passed (95) SRJC exams
- earning a total of 246 units
- more than doubling the number of units earned by students in spring 2010
- More than half of students earned SRJC credit in Computer Studies courses in the disciplines of Web Design, Cisco Networking, and IT Essentials.
- Students benefited from Credit by Exam fee exemptions totaling nearly \$8,000, due to special provisions established under procedure 3.16 for students in articulated courses.
  - (2) students have accumulated 8.5 units each through Credit by Exam in Auto and Diesel Technologies.

### **CTE OUTREACH**

This unit hired a full time CTE outreach coordinator. Requests for presentations on the district's CTE program offerings have increased from the previous year. During the year, 9700 contacts were made with youth, adults, parents, educators, and community members through the following organizations, events, media, and venues:

- (22) comprehensive high schools in the region
- (7) comprehensive high schools outside the district
- (23) alternative education schools and juvenile justice programs
- Spanish radio KBBF programs
- (13) community based organizations

- (11) SRJC ESL/College Skills classes

SRJC's CTE programs are represented at large community events such as: End of Harvest Fair, Construction Expo, SRJC Career Fair, high school career fairs, Joblink, YouthBuild, Chops Teen Center, North Bay Conservation Corps, Sonoma County Human Services Dept., Latino Service Providers, Parent University, Community Action Partnership, et al.

The CTE Outreach Coordinator collaborates and coordinates with SRJC's English Language Learner outreach team as well as Schools Relations, the HOPE program, EOPS, and other Student Services programs. The Coordinator is bilingual and regularly attends high school English Language Advisory Committee (ELAC) meetings to engage parents about the educational opportunities at SRJC for them and their children. Being able to communicate in Spanish has been critical to engaging members of the Spanish speaking community.

The Coordinator engages high school career pathway students who are enrolled in courses articulated with SRJC CTE courses. He facilitates their completing online SRJC applications and filling out other forms required to participate in SRJC Credit by Exam for a chance to earn college credit.
