2.1a Budget Needs

The SRJC Petaluma Warehouse requests replacement equipment of the dolly and handtruck to safely move equipment and supplies from the Warehouse around campus. These pieces of equipment are used everyday and essential tools needed for the campus.

2.1b Budget Requests

Rank	Location	SP	M	Amount	Brief Rationale
0001	Petaluma	04	07	\$125.00	heavy duty carpeted dolly (replace existing)
0001	Petaluma	04	07	\$200.00	Increase in Storekeepers cell phone plan to allow him to take pictures of items received and to document date and time received.
0001	Petaluma	02	07	\$1,543.00	Increased cost of new copier contract for entire Petaluma Campus. We need \$931 more annually to provide copier and \$612 annually to provide printing services to faculty.

2.2d Adequacy and Effectiveness of Staffing

Need to re-write

Business Services/Faculty Support

Staffed by:

- Manager of Business Services, Petaluma Campus
- Administrative Assistant I (Supports the Manager of Business Services, the Faculty Support Workroom, and part-time assists the Manager, Buildings and Equipment Maintenance, and fills in at the Accounting window during busy periods)
- Administrative Assistant I (Faculty Support Workroom)
- Accounting Cashier (.5 FTE)
- Storekeeper I (dotted line) – supports Petaluma Warehouse activities

Petaluma Business Services provides the campus with financial and budget support.

The Cashiers window in Petaluma is staffed by a part-time permanent Account Technician (50%) who works 20 hours per week; only 10-12 of which are at the Cashiers window. Other hours are spent counting the parking and library money, preparing the daily and weekly reports, and preparing the money for deposit. Admissions and Records staff also take payments when the Cashiers window is closed. During busy periods, the Administrative Assistant I assigned to assist the Business Services Manager, and who provides coverage in Faculty Support and Facilities Operations, provides coverage at the Cashier window during busy periods. During the beginning of each semester, support is spread thin. If budget allows, it would be helpful to have an STNC provide additional coverage in Accounting to take payments for the first couple weeks of each semester. This would also allow time for the Cashier to count parking money and prepare the deposit and daily and weekly reports, duties which typically get behind during this busy time.

The Faculty Support office is staffed by one dedicated Administrative Assistant I and another Administrative Assistant I, who also has other duties (mentioned above). Both Administrative Assistants have work stations in the Faculty Support workroom. This function could also use the help of an STNC during the first week of a semester and during finals weeks to help grade scantrons and process the influx of copy requests that are submitted at this time.

2.4b Rationale for Instructional and Non-Instructional Equipment, Technology, and Software

Homework and Date/Time Stamper is important to Petaluma Faculty and used by Faculty Support staff to closely monitor when homework is submitted. The current stamper ceased working and needs to be replaced.

The heavy duty shredder is used by Faculty Support/Mailroom and Faculty and Staff on a regular basis to insure that sensitive information is immediately shredded for security purposes. This request is needed when current shredder breaks and can't be easily/economically fixed.

The current Box Office Software is slow and cumbersome and does not take credit card payments. It tends to have glitches and trouble printing. It is currently used for the Film Alliance Cinema Series, the Italian Film Series, and occasional events on campus. If there were more ticketed events on campus, then this request would rate higher on the priority list.

Scantron replacement when current machine stops working. This request is on the list as the machine is old and will need to be replaced when the current machine stops working. The machine may not be cost to the District depending on the agreement.

SRJC Petaluma continues to welcome the community onto campus through events during the year. Two of the largest are the Petaluma Community Breakfast and LumaFest. The investment of tables and chairs could be used throughout the year and eliminate the need to rent this equipment, ultimately saving the campus money.

Purchasing 72" round tables would eliminate the need for renting them for events. We spend approximately \$420 in rentals for just one event on campus and they would pay for themselves in 10 years, or less if used for other events.

Folding chairs would be useful for Petaluma Campus events and we spend almost \$500 per year to rent them for the Petaluma Community Breakfast Event. They could also be used for other events on campus.

Storage container for the 72" round tables if purchased would be helpful for storage without taking up space in the Warehouse.
