Program Resource Planning Process

Art 2022

1.1a Mission

The mission of the Art Department is to provide a foundation of introductory and intermediate-level courses in art history and studio art to enable students to pursue their educational and artistic goals. Our primary intention is to create an environment in which critical thinking, problem-solving, creative expression, and the development of visual literacy can thrive. Students develop an understanding of cultural-artistic characteristics, global traditions, and diversity.

Most courses in the Art Department fulfill requirements for General Education, the Associate's Degree, majors, career certificates, or preparation for transfer to a four-year college or university. The Art Department encourages students to explore a range of disciplines from the various areas of the department: art history, ceramics, design, drawing, painting, photography, printmaking, and sculpture.

1.1b Mission Alignment

Our program is core to the District mission and initiatives by:

- Offering over 40 academic Art Studio and Art History courses to 5495 and 776 FTES from Fall 2020, Spring 2021, Summer 2021, and Fall 2021. The student headcount for all locations was 1,699 for Fall 2020, 1,709 for Spring 2021, 439 for Summer 2021 and 1648 for Fall 2021. The Santa Rosa campus numbers have only slightly declined from 1,479 in Fall 2020 to 1,446 in Fall 2021. The Petaluma campus is also showing a downward trend from 220 students in Fall 2020 to 202 students in Fall of 2021
- The Art Department generated 543.9 FTES credit hours in 2021/22.
- Helping students meet educational needs such as GE, AA degrees, majors, and transfer. Specific lower division courses which fulfill General Education requirements and support transfer to four-year institutions are: Art 1.1, 1.2, 2.1,

2.2, 2.3, 2.5, 3, 4, and 7A. Other essential courses that are transferable to both the UC and CSU include: Art 7B, 12, 13, 14ABC, 19, 21, 22, 23, 24, 27AB, 28ABC, 31ABCD, 33ABC, and 34AB. Specific art courses are also part of the Humanities and Fine Arts Major. Art 59, 62, 75, and 82 fulfill transfer requirements to the CSU system.

- Serving students in vocational education to support economic development and job growth. Essential courses include Art 27A - Silkscreen and Art 53 - Exhibition Design. Additionally, Art history and core studio art courses are either required or listed as electives for majors and certificates in the following academic and vocational areas: Graphic Design, Digital Media, Interior Design, Environmental Horticulture – Garden Design, Fashion Apparel - Design and Production, Floristry, and Theatre Arts – Costuming and Makeup
- Serving students in the basic skills of Math and English. Students practice arithmetic skills (measurement, ratios and percentages) in the study of perspective in Art 7A, Art 7B, Photography and in Figure Drawing. Students write analytical essays in Art History courses.
- Promoting student and academic support services to improve student success and retention. Most art instructors meet individually with every student to review the student portfolio at mid-term grading to ensure student retention and success.
- Maintaining transfer agreements with UC/CSU systems.
- Establishing Transfer Model Curriculum for both Art Studio and Art History
- Developing Petaluma campus programs.
- Contributing to the cultural life of the community by presenting 3 major exhibitions in the Art Gallery, providing online access to exhibitions, a series of guest speakers in conjunction with the Arts and Lectures Committee, and increased campus-wide student participation in the arts.
- Providing a richer art experience for students in the SRJC Gallery
- Promoting awareness of and maintaining sensitivity to ethnic, cultural and gender diversity within faculty, staff, students, and course offerings.
- Developing digital photography pathway program.
- Serving students in photography vocational education to complete Applied photography certificate and to write CE grant

(Update May 2022)

1.1c Description

The Art Department serves the District by:

- Serving 3,847 students Fall 2020, Spring 2021 and Summer 2021: 3,475 students on the Santa Rosa campus and 372 students on the Petaluma campus.

- Serving 1447 students Fall 2021 on Sant Rosa campus and 202 students on Petuam campus
- Developing SLO assessments.

The Art Department provides students with:

- Over 40 courses.
- UC/CSU transferable courses.
- 3 majors: Art (AA), Studio Arts for Transfer (AA-T), and Art History for Transfer (AA-T). 1 Applied Photography Certificate.
- Skills for vocational areas (Photography, Digital Imaging, Gallery Management, Ceramics, Art and Design.)
- A visiting artist workshop most semester in Ceramics.
- 21 Art Department scholarship awards.
- During the pandemic the Robert F. Agrella Art Gallery hosted 6, well-attended, Zoom, visiting artist lectures open to students, faculty and the public. This allowed students to learn directly from artists.

(Updated May 2022)

1.2 Program/Unit Context and Environmental Scan

- The Art Department has completed work on the Transfer Model Curriculum for both Studio and Art History. The TMCs have been approved by the State Chancellor's Office . This enables students who complete the TMCs at SRJC to receive priority when applying to the CSU system.
- An Arts Foundation has been established to focus on collaboration and fund-raising for the fine arts, music and theater departments, creating links to the community and other external resources.
- The Art Gallery hosts a variety of cutting edge exhibits which are open to the public.
- The Photography certificate was discontinued and replaced with the new CE Applied Photography certificate. Adjunct faculty member Jessica Layton continued to serve as the CE coordinator for the Applied Photography program. The coordinator has applied for and received many CE grants allowing the program to purchase new photography technologyThe Art Department is committed to serving our diverse community while providing excellent academic offerings.
- The Art Department faculty is ready to respond to the technological changes taking place in the artworld by incorporating digital technologies into the curriculum and offering more online classes.
- Most of the students are taking art classes to satisfy general education, transfer requirements.

(Update May 2022)

2.1a Budget Needs

- Budget cuts to the Art Department have been very harmful to student success. Anchor faculty positions remain vacant in Sculpture. We will also need to replace one painting and drawing instructor due to retirements.
- Several years ago the Art Gallery Director position had its release time lowered from 20% to 10%. One year ago STNC funding used to support the Art Gallery Exhibition Specialist position was eliminated. This will lead to fewer exhibitions overall and fewer hours when exhibitions are open to the public. The Art Gallery needs permanent additional funds for this position for work in the gallery, hanging exhibitions, handling and shipping art works, postage for mailing announcements, money to print brochures, and funding for basic supplies (paint, pedestals, labels, etc.).
- The current operating budget for the Gallery continues to be \$4,002 per fiscal year.
- The 18-19 budget crisis resulted in several cuts to the Art Departments' operating budget: The current operating budget for the Gallery is \$4,002.
- This was partially mitigated by reducing our Art AA III replacement to 217 days. The department will offer fewer life drawing courses to reduce the need for Art Models.
- The Art Department effectively manages budgets. However, the budget for equipment repair needs additional funding. The Art Department has many kinds of equipment and tools that need to be maintained for safe usage in Ceramics, Sculpture, Printmaking and in the Photography area. (Also, the budget for STNC models for Art 12, 112A, 112B has to be supplemented from other funds each fiscal year; this account needs \$1500 more each year.

(Update May 2022)

2.1b Budget Requests

Rank	Location	SP	M	Amount	Brief Rationale
0001	Santa Rosa	02	01	\$8,000.00	GALLERY FUNDING:The additional funding contributes to maintaining higher quality exhibitions and cultural services for the community in an exhibition space that is almost double the size of the former gallery. The current budget is \$4,002
0002	ALL	01	01	\$8,000.00	EQUIPMENT MAINT. & REPAIR:Necessary to maintain equipment/tools so they are safe and functional. The Art Department has many kinds of equipment and tools that must be maintained for safety and proper performance. The program areas using this budget primarily are: Photography, Sculpture, Printmaking and Ceramics. In these areas, repairing/maintaining equipment is necessary for cost-effective operations. This amount is in addition to current funding.
0003	ALL	01	01	\$1,500.00	Budget request for STNC figure drwaing model.
0004	Santa Rosa	01	01	\$1,600.00	Budget request for annual rental of Oxy-Acetylene tanks for sculpture, metal work, welding, cutting, and heat treating.

Student assistants for locker signups and cleanout	20.00	1.00	Concentrated task-based work around issuing lockers and cleaning them out and the beginning and end of each semester.

2.2d Adequacy and Effectiveness of Staffing

- From the Fiscal Year 20-32 Program Unit Review: The Art Department has an FTEF of 19.3679, which represents a decrease of 4.66% from Fiscal Year 19-20 and 2.96% of the district total

The Art Gallery Exhibition Specialist, Santa Rosa (position needed)

The Art Gallery Exhibition Specialist position is for 169.5 hours for four gallery shows over the course of one fiscal year. The Exhibition Specialist manages the gallery budget, installs exhibition, constructs the necessary furniture for exhibitions, and oversees insurance and handling and shipping the art work.

- The Art Gallery Specialist assists in the organizing of Art Gallery exhibits and coordinates the installation of exhibitions and maintenance of the District's continually changing art gallery shows. The Art Gallery Specialist designs, builds, and maintains special exhibit display systems and case goods; designs and maintains art gallery shop space and equipment; hires and trains student employees to handle valuable, delicate, and/or very heavy artwork; coordinates tours and lectures for various groups; and trains students and guest curators on the use of state-of-the-art gallery technology.
- KEY DUTIES AND RESPONSIBILITIES are interpreted as being descriptive and non-restrictive in nature. These duties include:
 - The installation and display of related artwork and sculptures; hangs and assembles paintings and other artwork; monitors exhibits checklist; produces labels; designs and constructs museum quality display systems, cabinetry and case goods as needed for exhibitions; designs, maintains, modifies and assembles special exhibition lighting systems; arranges and secures display cases and stands for artifacts and sculptures. Acts as a liaison with curators, artists, and vendors to acquire museum or gallery collections; ensures return of museum or gallery collections; drives district vehicles and rental trucks to procure works of art for exhibitions from throughout the state of California. Accepts delivery of collections to museum or gallery; prepares paperwork and photographs necessary for appraisal and insurance purposes. Schedules events, tours, viewings and lectures for classes and special guests to museum or gallery, gallery premises and collections; observes procedures to protect collections from damage, theft, or accidents; secures insurance for high value artworks and maintains records of museum or gallery attendance. Under the supervision of the Gallery Director, monitors and maintains museum or gallery budget within established guidelines; prepares, processes, and approves purchase and supply orders and service requests; maintains accurate catalog and inventory of collections, equipment and supplies. Contributes to the implementation of graphic design and layout of publications, posters, brochures or website promoting gallery exhibits and special events, and trains student assistants in the Art Gallery's best practices.
 - Works with gallery committees, art department faculty, deans, and community members to develop effective exhibition schedules.
 - Works with Media Services to maintain gallery media equipment, print large format graphics, and to digitally record lectures.
 - Supervises student assistants and short-term, non-continuing employees.
 - Currently the position is being reconfigured, and funding sources are being negotiated. The current Gallery Director reassign time is insufficient to effectively make up for the STNC staff that has been eliminated.
 - Increased reassigned time of Gallery Director is needed. The Gallery Director works with individual curators and organizes four exhibitions per year.

Ceramics Lab Technician, Santa Rosa (more hours needed: from 19 hours per week to 25 hours per week)

The Art Department has a full-time Ceramics instructor, and an assistant who has been held at 19 hours a week for twenty years despite increased work load beyond the initial schedule. The heavy use of the kiln and the ceramics facilities requires consistent routine organization and repair from someone who is trained to use the facilities. The Classified staff supervises the facilities and students which are spread out in 4 main areas, while the Instructor is occupied in any of the adjoining classrooms.

The ceramics program cannot grow although it has potential students to fill two new classes, due to the fact that the classified staff member cannot fit the added time to run the kiln into 19 hours a week. This should be a permanent staff position at 25 hours per week minimum.

Printmaking Lab Technician, Santa Rosa (more hours needed for growth: from 19 hours per week to 25 hours per week)

More hours have been requested to allow for further support and growth in printmaking.

Sculpture Lab Technician, Santa Rosa (more hours needed for growth: from 19 hours per week to 25 hours per week)

More hours have been requested to allow for further support and growth in sculpture. Furthermore, there are safety concerns in the sculpture lab that could be addressed and alleviated with increased hours.

The Department does not have replacement positions for either. As of 2008, FTEF regular load decreased 4-5 %. (The ratio is about 30 :70). The Art Department has considerably fewer full-time faculty than is typical in the District.. The ratio is not fully descriptive of the art department needs however. There is one major discipline area that requires unique skill sets and have no anchor faculty, Sculpture. The department fills in with adjuncts as best as possible, but adjuncts are not creating new curriculum, supervising facilities, advising students or doing evaluations. The need for additional full time faculty is acute..

2.3c Faculty Within Retirement Range

Out of our 7 regular faculty members:

1 foundations faculty has expressed interest in retiring within the next year.

2.3d Analysis of Faculty Staffing Needs and Rationale to Support Requests

CLASSIFIED:

GALLERY EXHIBIT SPECIALIST POSITION was eliminated in 2006 due to budget cuts. The importance of the Robert F. Agrella Gallery to the community as well as the student body is incalculable, and we seek to reinstate this position. When open for an exhibit, the Gallery has a constant flow of visitors that include students, faculty, staff, and members of the community. We seek to increase the time-base for the four instructional lab aides from 19 to 25 hours to increase student success.

FACULTY

1. **One Painting and Drawing Faculty, Santa Rosa**

The Art Department seeks a replacement for the painting and drawing faculty on the Santa Rosa campus due to the retirement of two full-time painting/drawing instructors. In the Art Department, four full-time faculty members have retired since the spring 2019, and only one fulltime art history faculty and one painting/drawing faculty have been replaced. By 2020 fall, the Art Department had lost 3 full-time faculty members. That is approximately 30 % of the full-time faculty of Art Department. The two full-time painting/drawing instructors each teach a 100% load including the following courses: Art 7 A drawing /composition I, Art 7B drawing/composition II; 12 Beginning figure drawing; Art 112 A Intermediate figure drawing; Art 112 B Advanced figure drawing; Art 14 A Beginning painting; Art 14 B Intermediate painting; Art 14 C Advanced painting. The 14 sections of these are taught by fulltime faculty. And the painting/drawing area is the major area in the art studio courses. The total of painting drawing sections are 30. It is 47 % sections of art studio courses. The enrollment of all painting/ drawing classes always is close to 100%. Painting / Drawing course is the major transferable courses for UC and CSU. The drawing 7A is a core requirement of Art degree, Art history degree, and Art studio degree. Also it is a core requirement of Digital Media: 3D Modeling and Animation Certificate, and it is an elective course of Interior Design Certificate. To summarize, the reasons the Art Department needs a second full-time faculty in drawing/painting area are:

- Two full-time painting/drawing faculty retired in spring 2020, and one fulltime faculty is hired in 2021.
- Art department lost total 3 full-time faculty.
- Painting/drawing is major course for art department and for transfer students. 47% sections of art studio courses are painting/drawing.
- Painting/drawing is a core course of three Art majors, Digital Media: 3D Modeling and Animation Certificate and Interior Design Certificate. Art 7A is GE for CSU General Education Breadth Requirements and Associate Degree Option B – 2019-2020 and Associate Degree Graduation Requirements and General Education Option A – 2019-2020
- Even during the pandemic, all painting drawing classes had strong enrolment. And it will contribute to increase student enrollment in college wide if art department would add more sections.

1. Art History Faculty, Santa Rosa

The Art Department seeks an automatic replacement for an art history faculty on the Santa Rosa campus due to the resignation of one of two full-time art history instructors. A full-time faculty resigned in the second tenure review year. Art History serves the most significant number of students within the Art Department. This instructor would teach 100% load, including the following courses: Art 2.1: History and Appreciation of Prehistoric to Gothic Art, Art 2.2: History and Appreciation of Late Gothic to Impressionist Art, Art 2.3: History and Appreciation of Modern Art, Art 2.5: Women and Art Since 1500.

3. 3D Digital Design /Sculpture Faculty, Santa Rosa

Since the FT faculty member of this area retired, one adjunct instructors have been managing an entire discipline. Additionally, we have safety considerations in the shop area due to the type of equipment it houses, including: table saw, band saw, drill press, belt sander and circular sander. Hand tools include: blow torches, electric drills, a guillotine-style paper cutter and utility knives. Since there is no one in the discipline to oversee the facility, this places a burden on the rest of the faculty and exposes the entire department to increased liability. This instructor would be expected to teach the following courses: Art 5, Art 33 AB, and Art 75. Materials used in the Sculpture and 3D area include: wood, metal, fiberglass, latex molds, resin, bronzing dust, and other various casting materials. Life drawing models may be employed for sculpture projects. Metalsmithing may be added into the curriculum for 3D as well as Sculpture, depending upon future resources.

In response to shifts in technology, the leadership of art, engineering, computer science and business are teaming up to create a multidisciplinary 3D Digital Design program. This faculty position would be a lead instructor of this effort.

2.3e Faculty Staffing Requests

Rank	Location	SP	M	Discipline	SLO Assessment Rationale
0001	Santa Rosa	01	01	Art history Instructor	A faculty resigned in the second tenure year. This position needs to be an automatic replacement. Art History is one of the best performing units in the cluster. Replacement of this position is imperative
0001	Santa Rosa	01	01	Painting / drawing and 2D Instructor	The painting, drawing and 2 D foundation classes are essential to our studio arts programs. over 50 % of art studio classes are painting/drawing and 2 D foundation courses.
0002	Santa Rosa	01	01	3D Digital Design/Sculpture Instructor	In response to technological changes to Computer Science, Engineering, Business and Art Department leadership will develop a multidisciplinary 3D Digital Design program incorporating 3D printing. This individual will have a strong background in technology, program development along with a deep understanding of traditional sculptural principles.
0003	Santa Rosa	01	01	Printmaking Lab technician	Maintain, set up and break down equipment in lab. Keep environment clean, safe and orderly. Assist students with assignments and demonstrate techniques in the use of specialized print making equipment. Assist in the preparation of instructional materials for laboratory demonstration or use.
0004	Santa Rosa	01	01	Gallery Director: increase assigned time to 20%	Through exposure to various forms of art, our students develop a broader vision and become more globally aware. Without the gallery, many of our students will never have this experience. Student feedback has shown this to be a very popular program.

0002	ALL	00	00	Urgent	Analy	714, 750, 740, 790, ceramics studio	\$500,000.00	Drainage and sink stoppage issues.
0003	Santa Rosa	04	06	Urgent	Analy Hall	750A	\$200,000.00	Door from hallway by entrance into the back part of room 750. At present this room can only be accessed from inside the classroom, which prevents anyone entering while a class is in session. This room could become another teaching space with adequate access. Dean confirmed with Architect that this is feasible and could provide a 25 seat computer lab.
0004	Santa Rosa	04	07	Urgent	Analy Hall	760	\$2,200.00	Waterproof exterior storage for plaster. Must include condensation prevention, such as insulation.
0005	Santa Rosa	04	07	Urgent	Analy Hall	718	\$500,000.00	REPAIR/REMODEL CERAMICS STUDIO FLOOR: Floor is sinking around the drain in the ceramics studio. Facilities advised this is not fixable without remodeling the entire floor. Request is 1) Change drain pipe and set up underground clay drain septic system. 2) replace floor with concrete so it can be washed with water; 3) lower ceiling so that electrical outlets can be installed from above; 4) Quieter heating system. FUTURE BOND REQUEST
0006	Santa Rosa	04	07	Urgent	Analy Hall	712	\$500.00	Black-out window covering for the west-facing window above the sink in the Painting prep room 712.
0007	Santa Rosa	04	07	Urgent	Analy Hall	The whole building	\$35,000.00	1. Full-spectrum "color balanced" LED lightbulbs for all of Analy Hall. Primary educational justification is the need to see, interpret, and work with color (these bulbs are the "industry standard" for artists). Other benefits are increased wakefulness for long studio classes, and of course safety. Paul also asked us to include language about lower "Total Cost of Ownership" with energy savings of an LED upgrade. I have the specs for the non-LED fluorescent version that Donna bought. I have sent the specs to Paul so that his team can find the appropriate equivalent for LEDs – which will be different. The key words are "full spectrum" and "color balanced." Donna's lights are 6500 lumens but I believe the lumen count will be different for LEDs.full spectrum lighting for the whole building

The rest have individual Heating/Ventilation systems that run very loud and heat doesn't reach the ground with high ceilings... so the effect is virtually no temperature control. FUTURE BOND REQUEST

2.5b Analysis of Existing Facilities

- Art Department has crumbling infrastructure. Heating and plumbing are repeatedly non-functional especially in 750 Analy.
- Sinks in 790 and 750 stop up repeatedly.
- A ceiling leak in 718 and 750 Analy creates large puddles of water which collect near floor electrical outlets after rains.
- The ceramics area is in need of enlarging and improving drains which now are time consuming to clean by facilities. The plumbing needs reengineering to be functional.
- The south facing wall in 740 Analy is surfaced by a 40 year old piece of crumbling deteriorating plastic like material. It is a room serving 30 students per class from 9am until 10pm most weekdays.
- A ceiling leak in 706 and 706 A Analy is a regular problem that has caused structural damage and creates unsafe conditions (large, slippery puddles and visible mold in the offices). Faculty have been relocated for their health safety concerns.
- The Art Department's facilities are accessible to disabled students and staff as appropriate.
- The Art Department needs additional studio space and tables for art foundation and painting and drawing classes.
- Construction is required to install a door in the wall from 750A into hallway. This will allow the room to be used as a new dedicated computer lab
- The new air filtration system need to be installed for room 714 Painting studio.

(Update May 2022)

3.1 Develop Financial Resources

Currently, the Art Department is seeking funding for the operation of the Agrella Art Gallery.

The Applied Photography CE Certificate program is now active. The department has written a successful SWF grant for \$41,000 to buy photography equipment.

(Update May 2022)

3.2 Serve our Diverse Communities

The Art Department uses a variety of job listing resources (website, local papers, artist community, national organizations) to advertise job announcements. We make sure to include diversity statements as part of all job applications and follow up in all interviews.

The department promotes sensitivity to diversity by reviewing instructional methods and course offerings to ensure relevancy to our student population in this global society.

By presenting enriching Art Gallery Exhibitions to our students, staff, and community members, the Art Department contributes to the cultural life of our community. Support our region's economic vitality, social equity, and environmental stewardship, and Foster critical and reflective civic engagement and thoughtful participation in diverse local and global communities.

(Update May 2022)

3.3 Cultivate a Healthy Organization

The Art Department encourages participation in and provides release time to classified staff and faculty for professional development, as requested. The Chair has notified staff of upcoming professional development activities for both faculty and classified staff as opportunities become available.

All staff are encouraged to attend workshops involving: meeting the needs of DRD students, safety, technological upgrades (for example, computer software programs), and health and well-being for the individual.

3.4 Safety and Emergency Preparedness

Basic safety issues are discussed regularly at departmental meetings. Below, is the list of the safety leaders for Analy Hall:

3.5 Establish a Culture of Sustainability

The Art Department recycles its office paper and art paper from classrooms on a weekly basis. The shredded office paper is used in our Ceramics area as fuel for one of its kilns.

Art department painting removes all mineral spirits (solvents) in the Painting lab by Dspring 2023.

Copy Center costs have been reduced dramatically by scanning, emailing, using File Depot and other digital processes. Many of our instructors are now operating paperless classrooms. The Art Department has reduced its printing costs by 72% since 2008. This is the highest reduction in the ACBSS cluster.

Spray fixatives are more eco-friendly and are only used outside the buildings. The office crew has switched from using paper towels and Windex to using water, Simple Green and cloth towels for cleaning lockers 2x per year.

We worked with the recycling coordinator to add larger and well-marked paper recycling bins to the art studio classrooms, to encourage more recycling of large-format papers

4.1b Program Student Learning Outcomes Assessment

The Art Department utilizes a "bottom up" approach to assess its program. Once all required Art courses have been assessed, the discipline/department will have a dialogue about how well the students are learning and achieving major outcomes. Faculty will identify areas for improvement and a plan for implementing those areas.

All certificates were reviewed and discontinued all certificate.
Applied photography certificate is offered to the program.

4.2b Narrative (Optional)

The Art Department has completed course assessments for all courses currently being offered. Those on rotation will be assessed the next time the course is offered. The Art History major and Art Studio major have both been assessed. The Applied Photography certificate is revitalized and will be assessed at the earliest opportunity.

Art 7 A beginning drawing course is approved for regular DE addendum to offer the online/ hybrid class.

(Update May 2022)

5.0 Performance Measures

- Students from the Art Department have transferred to many universities that are distinguished in their art programs.

5.1 Effective Class Schedule: Course Offerings, Times, Locations, and Delivery Modes (annual)

The Art Department offers courses on two campuses. In Santa Rosa, classes are scheduled five days a week during the day and at night. In Petaluma, classes are scheduled from Monday through Friday, day and night. The Department also offers online classes.

Currently, one art history course is being offered through the weekend college to serve those students who may be working and are unable to attend classes during the work week.

In Fall 2022, one art studio course is being offered at Technology High School at Rohnert Park.

In selecting courses, the Art Department considers those in which enrollments are consistently high and which enable students to complete general education transfer and major requirements.

(Update May 2022)

5.2a Enrollment Efficiency

On the Santa Rosa campus, the Art Department's enrollment efficiency was as follows: Fall 2020: 95.7, Spring 2021: 89.8, Summer 2021: 94.4, Fall 2021: 91.1.

On the Petaluma campus, the Art Department's enrollment efficiency was as follows: Fall 2020: 84.3, Spring 2021: 64.7, Summer 2021: 0, Fall 2021: 74.8.

Our online offerings such as Art 1.1, Art 1.2, Art 2.1, Art 2.2, Art 2.3 and Art 2.5 (Art history courses) and Art 82 (Digital Photography) fill consistently. To manage enrollments, we have cut courses with low enrollment and replaced them with courses that have high enrollment.

(Update May 2022)

5.2b Average Class Size

The average class size on the Santa Rosa campus is:

Fall 2020: 40, Spring 2021: 37.1, Summer 2021: 39.9, Fall 2021: 35.1

The average class size on the Petaluma campus is:

5.8 Curriculum Offered Within Reasonable Time Frame

Despite cuts to our schedule of classes, the Art Department has been able to retain its core classes but has had to place some core and elective courses on rotation.

Certificate: CE Applied Photography

In order to allow students to complete the certificate requirements, we have allowed substitution of alternate courses.

All classes required for the Art Department's AA degree are offered year-round (during both day and night).

(Update May 2022)

5.9a Curriculum Responsiveness

The Art Department program has responded to the increased enrollment of diverse students by offering cultural exhibitions with a global focus at the Art Gallery.

During these exhibitions, other departments have been involved in the lecture series, presentations and demonstrations. The Art Department offers interactive programs with other departments.

During pandemic, art gallery presented online artist talk during academic year.

Art History and the core art studio classes cover the global culture aspect through a variety of projects that respond to the UC and CSU transfer matriculation and GE requirement.

5.11b Academic Standards

The Art Department program regularly engages in the dialog about academic standards.

6.1 Progress and Accomplishments Since Last Program/Unit Review

Rank	Location	SP	M	Goal	Objective	Time Frame	Progress to Date
0001	Santa Rosa	01	01	Reconfigure space usage of Analy Hall by discipline to provide each area with maximum storage, safety and efficiency.	Relocate equipment and supplies for easiest access by each discipline. Remove all unnecessary furniture, tools, and debris from each classroom, office and storage room. Coordinate with Facilities to provide updated info on space usage. Coordinate with Health & Safety for all related matters.	1 year	Student employee labor, assistance from Facilities and Custodial to move equipment, paint, and revitalize two faculty offices. Warehouse to provide storage for obsolete machinery. The new STNC lab assistant to provide support to maintain the Sculpture lab - a potentially highly hazardous space.

6.2b PRPP Editor Feedback - Optional

The Art Department is comprised of outstanding professionals who continue to bring artistic and academic excellence to SRJC. It includes both studio and art history disciplines.

Staffing

Faculty. The Art program has lost three full-time faculty members to retirement: two Painting/Drawing co-leads, a Photography lead, and a Sculpture area lead. One painting /drawing faculty is hired in 2021 and one photography faculty is hired in Fall 2022.

The art department still in need one painting/drawing faculty and one sculpture/3D full-time Anchor Faculty.

Applied Photography is a CE program with a new full time photography faculty from Fall 2022.

The Art Department is still in need of an Art Gallery Specialist/Preparator.

Facilities

Analy Hall is a very old building needing many major repairs. A leaking roof required that we abandon two offices due to mold and running water down one wall. The HVAC system is inadequate during warm weather and the lack of good air filtration in ceramics (silica dust) and sculpture (wood dust) are causes for concern.
