### VP Finance and Admin Services 2023

#### 1.1a Mission

The mission of Financial and Administrative Services is to fulfill the administrative needs of the college in the areas of accounting, budget, finance, payroll, purchasing, graphics, facilities, information technology, police services and risk management. By providing these services both efficiently and effectively, the college is able to maximize the use of its resources to provide educational opportunities to, and cultivate learning development of, our diverse community.

### 1.1b Mission Alignment

By providing sound business management and campus safety, Finance and Administrative Services ensures an ongoing safe and stable environment for students to learn and for employees to work.

## 1.1c Description

Finance and Administrative Services oversees a \$100 million annual budget and a variety of operational departments including Accounting, Payroll, District Police, Purchasing, Logistics, Facilities, Information Technology and Risk Management. The Vice President, Finance and Administrative Services, in a risk management capacity, coordinates with Finance and Administrative Services staff to manage the District's insurance needs. The department also works closely with the Senior Director of Capital Projects to administer the financial aspects of bond-funded capital improvements within the District.

#### 1.1d Hours of Office Operation and Service by Location

Except during the summer, when the school is closed on Fridays, the office operates Monday through Friday, from 8:00 a.m. to 5:00 p.m.

### 1.2 Program/Unit Context and Environmental Scan

The non-personnel costs for Finance and Administrative Services are comparatively higher than the corresponding District percentage for non-personnel costs. This is because Finance and Administrative Services is solely responsible for covering large District-wide costs such as insurance, legal fees, and the cost of the annual audit and other operational expenses.

### 2.1a Budget Needs

The amounts budgeted for Finance and Administrative Services are used effectively.

As a percentage of overall expenses, Finance and Administrative Services has a higher percentage of non-personnel expenditures as many district-wide expenditures, such as insurance, legal fees and the costs associated with the audit and other operational expenses are made from this unit.

The budget for legal expenses could become inadequate should the District experience a large, unexpected rise in the amount of its legal activity.

At the moment, additional funding is not deemed necessary.

## 2.2d Adequacy and Effectiveness of Staffing

The unit ratio is higher than the district average due to its small size, and the type of personnel required to perform the type of work handled by this group.

For its function, and at current workload levels, the staffing of the Finance and Administrative Services unit is both adequate and effective.

### 3.1 Academic Quality

The Finance and Administrative Services component includes the District's financial budgeting and reporting activities. These activities influence District decisions on the use of financial resources, as well as identify areas of potential revenue enhancement.

### 3.2 Student Success and Support

Hiring committees for Finance and Administrative Services positions are provided orientation regarding diversity issues and address each candidate's experience and awareness about diversity.

The Finance and Administrative Services unit promotes diversity by recognizing the wide variety of individuals that constitute the campus community, and respecting the differences. Sensitivity and awareness are important keys to successful human interaction, and these are discussed and valued in this unit.

### 3.3 Responsiveness to Our Community

## 3.4 Campus Climate and Culture

District Emergency Preparedness is overseen by the District Police Department which is a reporting unit of Finance and Administrative Services (please refer to the District Police PRPP information).

Shannon O'Reilly of the Accounting Department is the Safety Leader for the department.
