

Santa Rosa Junior College

Program Resource Planning Process

Welcome and Connect Center 2023

1.1a Mission

The Welcome and Connect Center provides onboarding, student success and retention services.

Our mission is to support first year achievement goals, and to increase retention from fall to spring, and fall to fall.

In all onboarding and retention services, the staff and first year peer coaches provide quality customer service, follow research-based retention practices, and maintain a high knowledge base of campus resources and processes.

1.1b Mission Alignment

The mission of the Welcome & Connect Center aligns with the district's vision, mission, values, and strategic goals and objectives of student development, learning, success, and serving diverse communities. In particular, the Welcome & Connect Center provides services that meet the following strategies and goals of the new District Strategic Plan:

STRATEGY 1: ACADEMIC QUALITY

- In order to prioritize student services, events and activities which sustain a community committed to student learning and development, the Welcome & Connect Center has a scaled up program that strives to reach all first year students either through a high touch or medium touch programming. The WCC offers services and workshops remotely to address diverse schedules and learning methods that show increase in persistence for first year students fall to spring, and fall to fall.

STRATEGY 2: STUDENT SUCCESS AND SUPPORT

- The Welcome & Connect Center provides workshops and “just in time” interventions on topics to promote student learning and development.
- The Welcome & Connect Center is a first stop for many new students. Staff and coaches are trained and knowledgeable of the various resources available to students including basic needs and constantly provide warm hand offs and referrals to such resources. In addition, WCC coaches provide campus tours upon request that show students locations of key campus resources such as library, tutorial center, counseling, food pantry, intercultural center, etc.
- The Welcome & Connect Center provides all students with comprehensive learning opportunities on accessing basic needs in support of wellness through various activities that welcome, and support all students, including but not limited to Welcome Day, Saturday Services, Connect for Success event targeting incoming high school students; SRJCRReady check-ins for new students to address barriers.

In all onboarding and retention services the staff, and first year peer coaches provide quality customer services, follow research based retention practices, and maintain a high knowledge base of campus resources and processes.

The Department continues to assess its services program to ensure that its mission is attuned to the district strategic goal of supporting student success.

1.1c Description

The Welcome & Connect Center provides onboarding, student success and retention services. The Department works collaboratively to set goals and to achieve them through collective efforts. These include:

- assistance with college processes including admissions, registration, financial aid paperwork, and campus technology
- new student needs assessment and connection to campus resources and matriculation services
- peer coaching services
- first year retention services

In all onboarding and retention services the staff, and first year peer coaches provide quality customer services, follow research based retention practices, and maintain a high knowledge base of campus resources and processes.

In addition, the Welcome & Connect Center staff work closely with the Admissions & Records department, the Undocu Immigrant Dream Center and the Student Outreach

Team to ensure a holistic onboarding process that is aligned with the Strategic Enrollment Management Plan for the district.

1.1d Hours of Office Operation and Service by Location

The Welcome & Connect Center is open Monday - Friday, 9am-5pm, and closed on Fridays in June and July at the Santa Rosa Campus. The Center oversees the coordination of Saturday Services each term and fully operates on each of those Saturdays.

1.2 Program/Unit Context and Environmental Scan

The Student Centered Funding Formula, Guided Pathways, and Student Equity and Achievement (SEA) goals are rooted in principles that call for monitoring and supporting first year achievements with a particular eye towards momentum points and milestones.

We know:

- Students who are fully matriculated complete their courses and goals at a higher rate
- Students who are fully matriculated gain priority registration and access to classes with a high fill rate (math and English)
- Student who enter math and English during their first-year gain access to more upper division courses and complete their degree faster
- AB540 students face increased barriers
- Low-income students face barriers to access and success in community colleges
- First generation student success rates are disproportionate as compared to the district average(s)

The Welcome and Connect Center helps to address and support this knowledge base in the following ways:

Students who are fully matriculated complete at a higher rate

- Facilitates accurate and streamlined placement information and processes
- Promote priority registration requirements and deadlines
- Provide peer to peer information to suggest how to leverage an ed planning counseling appointment (prepare, research, ask correct questions)

Students who are fully matriculated gain priority registration and access to classes with a high fill rate (math and English)

- Concerted effort to reach students to get priority to use it for the purpose stated above

Students who enter and complete math and English during their first-year gain access to more upper division courses and complete their degree faster

- Inform students who accessed math or English in Fall to work with counseling to pursue options for the alternative course in spring so that both transferable math and English are completed during year one
- SRJCRReady programming to support success in transfer level math and English with emphasis on a load with corequisite (target audience those who enrolled in math or English)
- Students enrolled in math or English in first year are considered high touch and are receiving weekly in-reach and strategic interventions

AB540 students face increased barriers

- Students who are AB540 eligible are connected to the Dream Center and are part of the first-year high touch cohort

Low-income students face barriers to access and success in community colleges

- In addition to assistance with the financial aid process, and the connection to campus resources, first year peer coaches support first year low-income students with academic coaching and strategies as we know it is critical to success to address the multitude of barriers

First generation student success rates are disproportionate

- Concerted effort to ease the transition into the college environment by providing navigational strategies, resource connections, community connections, and assistance with college processes

2.1a Budget Needs

The Welcome & Connect Center Budget Analysis

Currently, the Welcome & Connect Center annual funding is comprised of district general funds, categorical funds, and grant funding.

There is further uncertainty of categorical funds due to declining enrollment. It depends on the District's SSSP core service volume relative to the rest of the 114 colleges within the CCC system. The funding formula is based on services provided to enrolled students.

Need for additional funds:

Student Employee Funds

Welcome & Connect Center has relied upon student workers to staff the reception area for several years. Categorical and grant funds cover most of those costs, with less district funding available. We attempt to leverage our Federal Work Study Allocation with student assistance; however, District funds are needing to increase as we will continue to see less funds from both grant (Lanzamiento) and SEA categorical funding. Our student workers have not only been utilized for reception needs but have been integral in assisting the department with outreach, and student retention efforts. They follow up with target groups to provide information about programs and services, to connect students with the next step (ed planning, orientation, enrollment), and with relevant programs and services. Our efforts to sustain/increase successful student retention rates relies upon their assistance in performing these high-touch and time intensive efforts.

Staff Development/Training

There is an increasing need for staff development and training to ensure that our staff keeps abreast of the changing environment and requirements. This will help the Department, which in turn will help the district to learn the best practices, and to continuously improve our practices in welcome center operations and other student success and retention work. It is important that the Student Success Program Coordinator and center staff have access to more professional development through local and statewide training opportunities. Currently, there is no travel/conference budget in the district account for the Department. The estimated need is \$4,500, which was previously provided through SSSP funds.

2.1b Budget Requests

Rank	Location	SP	M	Amount	Brief Rationale
0001	Santa Rosa	04	07	\$4,500.00	District funding for Professional Development not covered by SEA funds (travel and conference attendance, etc.)

2.2a Current Classified Positions

Position	Hr/Wk	Mo/Yr	Job Duties
Coordinator, Student Success Program	40.00	12.00	Full time funded by SEA. Supports Assessment/placement functions., the Welcome & Connect Center, Onboarding and Retention Services

2.2b Current Management/Confidential Positions

Position	Hr/Wk	Mo/Yr	Job Duties
Director, Student Outreach, Onboarding, and ISP	10.00	12.00	Provide direct oversight of the Welcome & Connect Center for welcoming and onboarding services for new and returning students, the Guided Self Placement, and First Year Peer Mentoring Programs; collaborate on establishing guidelines and programming for welcoming and onboarding activities.

2.2c Current STNC/Student Worker Positions

Position	Hr/Wk	Mo/Yr	Job Duties
First Year Peer Coaches	210.00	12.00	Provide Welcome & Connect Center Support and Student Success, Peer Coaching Services for onboarding and retention.
Student Success Specialist I	25.00	9.00	Provide special project support for the Welcome & Connect Ctr. Specialist will focus on efforts that are in line with the Strategic Enrollment Plan to increase student retention, persistence and obboarding of our BIPOC polulations as well as general support of our first-year students.

2.2d Adequacy and Effectiveness of Staffing

Staffing Needs for Welcome & Connect Center

Current Staffing

The Santa Rosa Campus Welcome & Connect Center is comprised of a Coordinator, Student Success Programs, 10 student employees, and the Director. Student Outreach, Onboarding, and International Student Program. The Manager, Student Support has been on paid administrative leave since January 2022.

Various student success initiatives at both state and local levels intensified the need for dedicated leadership in onboarding and retention work, as well as in technology solutions to further improve student support services in general, including for online students, to fulfill student success mission and to ensure District's ability to comply with accreditation standards.

Staffing Needs

Classified Employees

The Welcome & Connect Center and first year retention programming requires a great deal of oversight and management. In December of 2021, the Student Success Specialist I was transferred to another department, leaving only 1 regular classified employee; the Student Success Coordinator. To provide supervision of peer coaching and maintain services in the Welcome & Connect Center at a satisfactory level, at least one additional classified position is needed.

We have recently hired a temporary STNC position to assist with the staffing and maintaining support for the Welcome & Connect Center and First Year Peer Coach program. The funding for this position is temporary through the spring 2024 semester. We hope that the district can allocate funds to create the permanent classified position for this Center. We would also benefit from having an STNC position on a cyclical basis to perform and assist with one-time projects and functions, such as Welcome Days; Summer Bridge; re-enrollment campaigns, etc.

The Welcome & Connect Center's scope and volume of the work is vast. It is not good practice to have an area requiring public hours and a requirement of full-time supervision and oversight to have only one staff member. A combination of vacations, absences and lunch breaks will cause an interruption to supervision of the area, and student employees.

Student Employees

The heart of the operations in the Welcome & Connect Center (WCC) is the peer support provided by Student Employees. The WCC is supported by a combination of student employees who provide both welcome coaching (onboarding, and enrollment and financial aid assistance) and connect coaching (peer support for retention needs). Through 22/23 student employee wages will be funded through SEA funds, and grant funding.

Once we returned in person in summer 2022, there was a need to grow the team to accommodate the larger demand after being remote during the pandemic. At this time, the estimated cost of student employee wages in the Welcome & Connect Center is \$120K per academic year. It is important to remember that the operations of the center rely upon peer support. The functions would not be operable if student employees were eliminated and Classified Employees were to begin to replace the hands-on assistance. The number of people needed to maintain a level of service would not be achieved by using only Classified Employees, and the framing of peer support would have to evolve to professional support causing classification concerns across departments.

2.2e Classified, STNC, Management Staffing Requests

Rank	Location	SP	M	Current Title	Proposed Title	Type
0001	Santa Rosa	02	03	None	Student Success Specialist II	Classified
0003	Santa Rosa	02	03	None	Student Success Specialist I (special projects)	STNC

2.5a Minor Facilities Requests

Rank	Location	SP	M	Time Frame	Building	Room Number	Est. Cost	Description
------	----------	----	---	------------	----------	-------------	-----------	-------------

2.5b Analysis of Existing Facilities

The location of the Welcome & Connect Center is optimal due to the partnerships with A&R, Student Outreach and Financial Aid and the visibility to students entering the building.

Without being able to use the adjacent classrooms, the area is too small to be a workspace for up to 12 employees at a time. Further, when students are being served, the room's capacity grows to around 20 and the area is too cramped to accommodate everyone.

It is unclear if this situation will be resolved now that the Plover Foyer has expanded to include additional computers and if we can continue to use the seating area with laptops for coaching sessions. The foyer became operational just before the transition to remote services.

The lack of a classroom and meeting room has proven to be problematic for workshop facilitation. We choose not to have the workshops in other locations as they are an opportunity to highlight our new area, so we are trying to best utilize the current office space.

3.1 Academic Quality

As described in Section 1.2, the Welcome & Connect Center supports the Student Centered Funding Formula (SCFF) through retention and first year achievement efforts.

3.2 Student Success and Support

In order to prioritize student services, events and activities which sustain a community committed to student learning and development, the Welcome & Connect Center has a scaled up program that strives to reach all first year students either through a high touch or medium touch programming. The WCC offers services and workshops remotely to address diverse schedules and learning methods, as well as the resumption of in-person services beginning April 19, 2022.

The Welcome & Connect Center provides all students with comprehensive learning opportunities on accessing basic needs in support of wellness through various activities that welcome, and support all students, including but not limited to Welcome Day, Saturday

Services, Connect for Success event targeting incoming high school students; SRJCRReady check-ins for new students to address barriers.

3.3 Responsiveness to Our Community

As described in Section 1.2, the Welcome & Connect Center aims to support our diverse community through concerted efforts to reach disproportionately impacted students. We believe we are reaching a diverse community through our concerted efforts given to first generation students in partnership with development in cultural awareness and resources for undocumented students.

3.4 Campus Climate and Culture

As part of a campus climate and culture that should Welcome, Guide, and Engage all students, we are part of the Caring Campus initiative, which has a goal to create a college environment that increases students' sense of connectedness and belonging, and, in turn, completion of each student's education goals. We have instituted a number of best practices including nametags, warm handoffs to other departments, knowledge of other dept and programs, and welcoming activities.

We also know that students who can see themselves represented in other students and staff has a positive effect on them feeling welcomed on campus. To that aim, we have hired a diverse team of peer coaches who come from many different backgrounds, some of whom are international students, student parents, first generation students, LatinX students, Black African American students and we believe that building a diverse inclusive team will lead to more students feeling seen, which can lead to them sharing their stories and being heard and valued for all that they bring to our institution.

In addition, the Student Success Coordinator has been selected and participated in Courageous Leaders Academy, aiming to make SRJC a more inclusive anti-racist institution.

The Building and Area Safety Coordinators for the northeast side of Plover Hall have been identified as the Dean of Admissions and Records, Enrollment Services, Coordinator, Admissions and Records, and Coordinator, Student Success Programs. All have attended trainings; CPR certification status is unknown.

The Department needs to have updated training sessions in safety and emergency preparedness for regular staff members and student workers. This will increase the knowledge and skills in preparing for and responding to unforeseen safety and emergency situations.

4.1a Course Student Learning Outcomes Assessment

N/A

4.1b Program Student Learning Outcomes Assessment

Service Area Learning Outcomes (SLOs)

Student retention and persistence rates will be increased compared to the District rates as a result of attending one or more of the Welcome & Connect Center 2022-23 workshops. Outcomes Assessment will be reported as required.

4.1c Student Learning Outcomes Reporting

Type	Name	Student Assessment Implemented	Assessment Results Analyzed	Change Implemented

SRJCRReady Check-ins	X	X		X	X			X		X	X					X
Welcome Day/One Love/Super Saturday	X	X		X	X			X		X	X					X

4.2b Narrative (Optional)

SALO: A student's retention and persistence rates will be increased compared to the District rates as a result of attending one or more of the Welcome & Connect Center 2020-21 virtual workshops.

In looking at the data, this is true for both fall and spring semesters in 21-22. Students who attended a workshop had higher rates of retention and persistence than the district average.

Going forward, the Welcome & Connect Center will continue to offer workshops, and also check in with students to see what new workshops they would like to attend. Feedback has included How to Adult/Manage Finances, as well as First Generation Workshops as two topics that are needed by students.

5.0 Performance Measures

During the 22/23 academic year the Welcome & Connect Center served a first-year cohort of 1985 students with high touch, high tech interventions. The Center, which invites all students recorded 2357 in-person contacts. 205 referrals were received from faculty, of which students were reached multiple times with offers of support and engagement. The WCC hosted 18 workshops and 192 students attended.

6.1 Progress and Accomplishments Since Last Program/Unit Review

Rank	Location	SP	M	Goal	Objective	Time Frame	Progress to Date
0001	Santa Rosa	01	02	Show increase in persistence for first year students fall to spring, and fall to fall.	Follow retention plan framework and first year achievement philosophies from onboarding through first year	Ongoing	2022-23 New Student Persistence : Fall to Spring- 64% vs 78.8% for students who met with a peer coach Fall to Fall- New student 52% vs 68% for new students who met with a coach.
0002	Santa Rosa	01	01	Build a knowledgeable and efficient team.	Continue to provide professional development opportunities to staff.	Ongoing	The current team of Peer Coaches are now currently fully trained, though professional development is still needed for the classified staff.
0003	Santa Rosa	02	03	Increase participation in Connect for Success Warm Handoff event.	Connect recent HS graduates with First Year Peer Coaches	2022-2023	Participation increased from 2022 to 2023.

6.2b PRPP Editor Feedback - Optional
